WASHINGTON STATE DEPARTMENT OF ECOLOGY

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Gilbert and Robertson Elementary Schools Interim Remedial Actions consist of excavating and hauling away some soil contaminated with lead and arsenic for disposal at a permitted landfill, mixing remaining soil, importing clean soil, and establishing new grass in this clean soil. The plan at each school includes installation of an irrigation system to maintain the turf cover.

Proponents: Washington State Department of Ecology

Location of proposal, including street address if any: Gilbert Elementary School, 4400 Douglas Drive, Yakima; and Robertson Elementary School, 2807 West Lincoln, Yakima

Lead agency: Washington State Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
