RE: Trust Water Donation No. CG4-GWC03012

Dear Mr. Marquis:

The purpose of this letter is to acknowledge the Department of Ecology's (Ecology) acceptance of your donation to the Washington State Trust Water Right Program. The trust water right has been assigned Application No. CG4-GWC03012. Please refer to this number when corresponding with us about this trust water right.

Under RCW 90.42.080(1)(B), Ecology accepts your donation, as summarized below:

Benefiting Water Body	Groundwater Preservation
Purpose	Groundwater Preservation
Rate	57 gpm
Acre-Feet Per Year	22.8
Season	April 1 to October 31
Water Right Place of Use	Government Lot 3, Section 16, T. 26 N., R. 21 E.W.M., Douglas County.

Trust Water Expiration Date: December 31, 2013

Your application has been processed for the requested period of time even though the expiration date has already passed.

In accordance with RCW 90.42.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the Trust Water Right Program.

Ecology's acceptance of the donated water right into the trust water right program is not evidence of the validity or quantity of the right. When the period of trust ends, the water right will revert back to the water right holder or landowner in the full quantity accepted into the trust water program and for the original purposes.

RCW 90.42.080 provides that the water right remaining with the donor plus the donated portion of the water right may not exceed the extent to which the water right was exercised during the five years before the donation.

If, prior to expiration of this temporary donation, you would like to extend the temporary donation, please send us a written request. Also, if you wish to modify any terms of your donation, your letter must

include the new terms. Ecology will review your request and any new or modified terms and conditions and will notify you whether the donation can be extended or terminated.
