Subject: Mosquito Control annd the NPDES Permit
Date: Friday, March 05, 2010 10:01:37 AM

I am writing this Email to strongly urge you to alter NPDES Permit to read "Permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance and vector mosquito control"

It would seem appropriate to consider that West Nile fever has been documented in our state. Having lost a brother from the damage caused by West Nile, I believe our state should do everything possible to insure that we control the mosquito population!

Thanks
