Subject: Benton County Mosquito Control District Permit
Date: Friday, February 26, 2010 5:05:17 PM

Jon,

I am informed by the District that the draft permit you are currently preparing will not allow spraying for nuisance mosquitoes. That is of great concern to me and my family as well as my neighbors. We pay property taxes to fund this service which is greatly needed. We were nearly overrun with nuisance mosquitoes this last summer and the District took effective action. I sincerely doubt you would expose your family to such a nuisance if you had it in your control to prevent it. It is unacceptable to write a permit that will prevent the spraying for nuisance mosquitoes, which the current draft wording practically prevents. It should be reworded to read "The Permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance and vector mosquito control."

I would appreciate being told if and why for some reason you cannot agree to this rewording.
