Jonathan,

As a concerned head of household living in an area that is heavily infested by mosquitoes I have been very pleased and grateful for the mosquito control program in our area that has greatly limited their presence in past years. The West Nile Virus was especially prevalent in this vicinity last year.

I strongly urge you to reconsider the current plan to halt the spraying. Please alter the permit to read "The permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance and vector mosquito control."

Regards,
Jared Schneider
