To: Jennings, Jonathan (ECY);
Subject: Mosquito control
Date: Wednesday, March 03, 2010 2:15:09 PM

Mr. Jennings,

My name is Elana Thomas. I have received a letter telling me about the NPDES permit.
I live on 403 Broadmoor street in Richland and behind our Cul De Sac there is a pond. The city has big plans to develop Claybell park further. We have Tennis courts, a playground and two soccer fields that are being used on a daily basis. Last year we had a huge problem in my area and it was unbearable to go outdoors, seriously. The soccer teams canceled practices or moved to another part of town due to the mosquitoes. There was a time when I wasn't able to sit in my back yard, they were so thick. I hope we will be able to get a permit to spray our area because a lot of people are using this park. If I can get a petition going, will it help? Please let me know what I can do.
