RE: Coastal Zone Consistency for Corps Reference # NWS-2014-128-WRD
Tacoma Liquefied Natural Gas Project, Tacoma, Pierce County, Washington

Dear Mr. Tornberg and Mr. Warfield:

On January 16, 2015, Puget Sound Energy, Inc. and Port of Tacoma submitted a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP). On June 10, 2015 we agreed to stay the CZM review period until December 31, 2015 and then again on December 3, 2015 we agreed to stay until October 18, 2016.

This determination is for the construction of the Totem Ocean Trailer Express (TOTE) Marine Vessel Liquefied Natural Gas fueling pier, loading platform, access trestle and breasting dolphin in Blair Waterway and associated upland facility on a 33 acre site at the Port of Tacoma and the construction of two new underground natural gas distribution pipeline segments (with a combined total length of 5 miles), a new natural gas limit station, and modifications to an existing natural gas gate station. These improvements would be located in the City of Tacoma, the City of Fife and unincorporated Pierce County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Puget Sound Energy and Port of Tacoma's determination that the proposed work is consistent with Washington's CZMP based on the following condition:

1. As stated in the CZM form dated January 15, 2015 and in the e-mail dated September 19, 2016: "The proposed project is subject to air quality permitting, and Puget Sound Energy, Inc. and Port of Tacoma will be applying for and obtaining a Notice of Construction Permit from the Puget Sound Clean Air Agency." This condition is necessary to ensure the proposed action is implemented as reviewed for consistency with the enforceable policies of the CZMP. Chapter 70.94 Revised Code of Washington and Washington Administrative Code 173-400-110 through 113, are the federally approved enforceable policies of the WA CZMP that applies to this condition.

If the requirements for conditional concurrences specified in 15 CFR § 930.4(a), (1) through (3), are not met, then all parties shall treat this conditional concurrence letter as an objection pursuant to 15 CFR Part 930, subpart D.

If you have any questions regarding Ecology's consistency determination please contact Kerry Carroll at (360) 407-7503.

YOUR RIGHT TO APPEAL

You have a right to appeal this Order to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this Order. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).
