Jon Jennings – Mosquito Control Permit Comments
Washington State Department of Ecology
Water Quality Program
P.O. Box 47600
Olympia, WA 98504

Dear Mr. Jennings:

In years past I have called our mosquito control district with concerns about adult mosquitoes. They have helped me out by fogging in my neighborhood. I am concerned that The Mosquito Control Permit that is currently being considered will prevent the district from quickly responding to these problems.

I know the district spends a lot of time and money on larva control and I'm sure this helps, but they never seem to get them all. Mosquito control programs must be allowed to control adult mosquitoes as well. I am asking you to reword the permit so that we can continue to have adult mosquito control when needed.

We expect our mosquito control district to respond when we call with a mosquito problem. We pay for this service with tax dollars because we want to enjoy the outdoors during the summer months. Don't write rules that will prevent our district from fogging when we have so many mosquitoes that we need to call for their help.

Sincerely,

Bill Pack
8919 Willow Grove Rd
Longview WA 98632

I am writing about the Mosquito Control program, that I pay Taxes on for this program.

My Grandchildren, myself and family and friends can't go out side because of these bloodsuckers.

I would like you Mr Jennings and your staff to make a Trip to Cowlitz County this Spring and Summer and Spend A day or Two. Make sure you wear Summer Clothes.

P.S Don't forget your off Spray and your Anti Itch Lotion. [redacted]
