

ENVEST Community Advisory Committee Meeting

Silverdale Community Center -- Evergreen Room (Basement)

9729 Silverdale Way NW, Silverdale, WA

Thursday, October 11, 2007, 7 p.m. to 9 p.m.

Agenda

Purpose of meeting: Convene the Community Advisory Committee and further the working relationship between interested community members and the organizations responsible for managing environmental activities related to ENVEST; provide information and receive community input about content and processes for interaction.

Objectives:

1. Learn about the Barker Creek Alternative Futures Planning Project and efforts on finding ways to get more water into Barker Creek during low flow periods to benefit salmon productivity.
2. Understand process and status of Fecal Coliform Water Cleanup Plan, including Project ENVEST technical support activities.
3. Discuss status of the Executive Communication and Oversight (ECO) Committee and planning for 2008 CAC meeting schedule.
