Jon Jennings – Mosquito Control Permit Comments
Washington State Department of Ecology
Water Quality Program
P.O. Box 47600
Olympia, WA 98504

Dear Mr. Jennings:

In years past I have called our mosquito control district with concerns about adult mosquitoes. They have helped me out by fogging in my neighborhood. I am concerned that The Mosquito Control Permit that is currently being considered will prevent the district from quickly responding to these problems.

I know the district spends a lot of time and money on larva control and I'm sure this helps, but they never seem to get them all. Mosquito control programs must be allowed to control adult mosquitoes as well. I am asking you to reword the permit so that we can continue to have adult mosquito control when needed.

We expect our mosquito control district to respond when we call with a mosquito problem. We pay for this service with tax dollars because we want to enjoy the outdoors during the summer months. Don't write rules that will prevent our district from fogging when we have so many mosquitoes that we need to call for their help.

Sincerely, Kate Scarborough

It Has been So Bad with mosquitos at our House You could Not walk outside. I mean it Its Been awful we were chased in Trying To work in the Gardens. I made a phone call and You Responded immed. + the problem was fixed. We need this control. Especially Living this close to the Rivers + the Amount of flooding + Rain we get. We pay for w/ TAXES Please continue. It a needed + welcome thing

C#391

thank you so much. with out
it would be worth mocking.

Kat Scarlett
