Warren Avenue Bridge with Eagle Scouts Project
2005 Community Forestry Assistance Grant Proposal

0.1 0.05 0 0.1 Miles

Irrigation System Control Box

A Team Effort

Planting Finished and Irrigation System Installed

**Washington State
Department of Transportation**

Certificate of Appreciation

The Washington State Department of Transportation
is pleased to present this certificate to

Andrew Owen

For providing great vision and leadership by turning a two-acre site along State Highway 303 in Bremerton on the northwest side of the Warren Avenue Bridge into a rich, green oasis.

This project will beautify our community for both residents and visitors as it enhances our environment. In recognition of exceptional environmental improvement of a public area through the use of soil amendments, watering system, and living plants.

Eagle Scout Jarrett Gallent

SR 166 Turnaround in Port Orchard – Before:

Finished: A New Community Asset

Much Can Be Accomplished With Team Work

**Washington State
Department of Transportation**

Certificate of Appreciation

The Washington State Department of Transportation
is pleased to present this certificate to

Jarrett Gallent

For providing great vision and leadership by transforming a turn-around on State Highway 166 in Port Orchard into a local landmark with landscaping that is drought resistant, ecofriendly, and has much more visual appeal.

This project will beautify our community as it enhances our environment. In recognition of exceptional environmental improvement of a public area through the use of soil amendments and living plants.
