How much oil can I bring?

Jiffy Lube and Schuck's accept up to 5 gallons. Tacoma Landfill and transfer station sites accept larger volumes. For other sites listed, please call ahead

Most sites are self-serve and you will empty your own container into the tank. Use 5 gallon (or smaller) oil containers. No drums or barrels.

All you have to do is:

Use a clean container for draining oil from your vehicle, boat, or lawn mower. Hint: Use a reusable container (5 gallon maximum) with a good lid.

Puncture used oil filters and let the oil drain out for at least 24 hours. Then place the oil filter in the garbage.

Never mix oil with any other substance. Take antifreeze, solvents, gas, brake fluid, and other hazardous substances to an approved location. Two approved locations include;
