Subject: WRIA 18E Rule

Time to get back to government by the people for the people - WRIA 18 is a flawed rule ... makes no logical sense and is not wanted by the majority of the people. In listening to the "experts" on your team I found them unable to answer way too many important concerns of the people who actually live here.

Stop the rulemaking timeline until an independent economic study is done .

My question to you and your team is this : If you were being totally HONEST about your opinion on what is in the best interest of our valley you would not be in favor of this rule. AND, if you were living here I bet you would be more than a little outraged at how the tax money has been spent for the past 10 years.

STOP the timeline and let's do an independent study – no bias.

Thank You
Cathy Reed
