

2016 WateReuse Pacific Northwest Conference

May 18-19, 2016
Red Lion Hotel at the Park
Spokane, WA

The conference is designed for individuals, organizations, and agencies that are associated with or interested in the design, management, operation, and use of water recycling facilities and projects in the Pacific Northwest. The conference will feature more than 40 technical presentations, technical tours, receptions, luncheons, and the ever popular exhibition component.

WateReuse is internationally-recognized as a thought-leader on alternative water supply development. It is the go-to organization for applied research, policy guidance and educational tools on water reuse as well as the principle influencer of public opinion, lawmakers and policymakers on policy and projects related to water reuse.

- CEUs and PDHs
- Hotel and Travel
- Program
- Registration
- Sponsors and Exhibitor Information
