Same		daja461@ecy.wa.gov kesi471@ecy.wa.gov

DATE OF APPLICATION	PRIORITY DATE
July 26, 2015	Mitigated by June 30, 1886

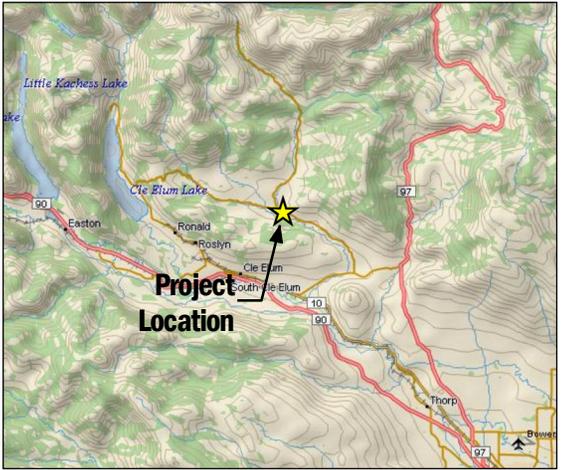

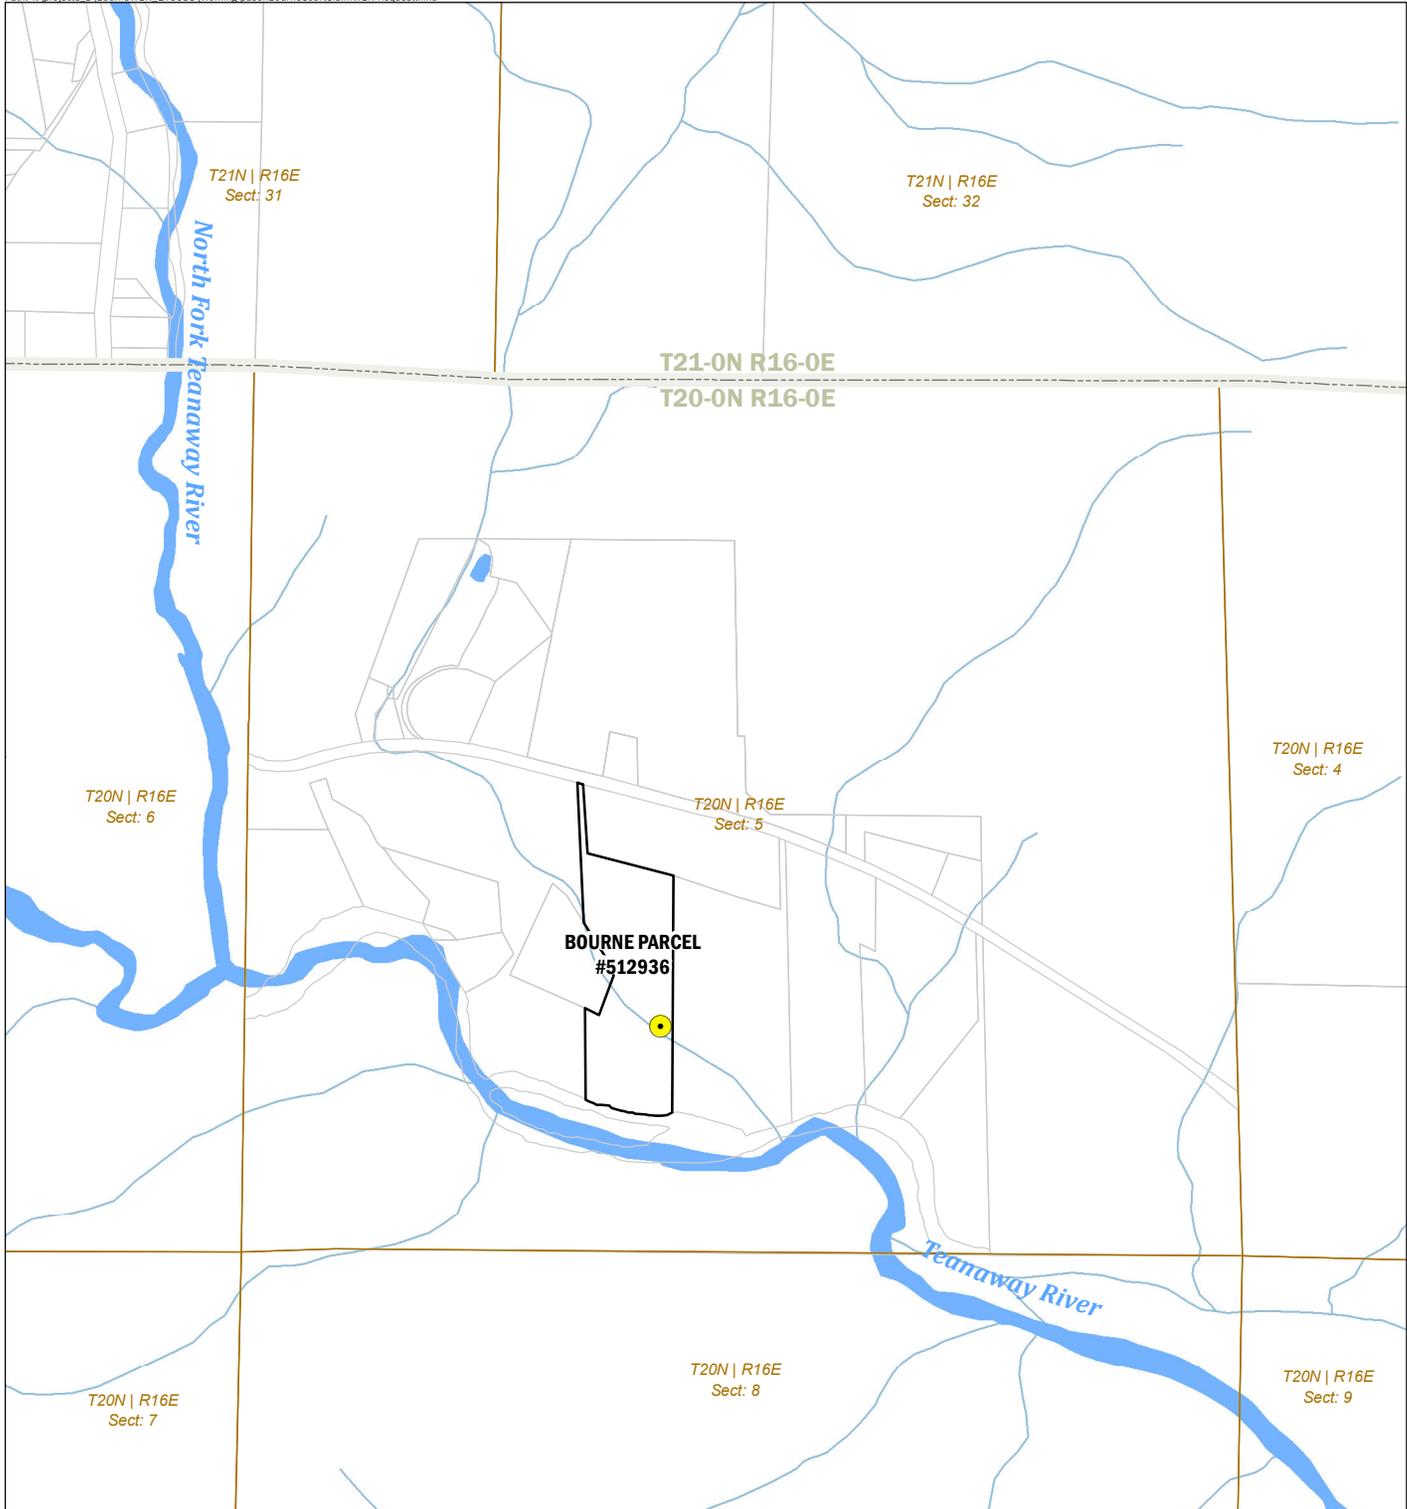

WATER SOURCE:	CROP:
An existing well	Indoor Use Only
INSTANTANEOUS QUANTITY:	ANNUAL QUANTITY:
TBD	0.092 af CU
PERIOD OF USE:	
Year round	
PLACE OF USE:	PURPOSE OF USE:
Kittitas Parcel No. 512936	Single Domestic (indoor use only)
IRRIGATION METHOD:	
N/A	

CONSUMPTIVE USE CALCULATION:
No. G4-35771 – Indoor use only for 1 residential connection up to 275 gallons per day (gpd), or 0.308 ac-ft/yr. Consistent with WAC 173-539(A)-050(3), consumptive use is defined as 30 percent of total use, or 0.092 ac-ft/yr CU . No Outdoor Use is proposed.

NARRATIVE DESCRIPTION OF PROJECT:
The applicant proposes to offset the 0.092 ac-ft/yr of consumptive use with an equal amount of water from No. CS4-01863sb3@27 (Bourne Water Bank). To address impacts to TWSA, 0.014 ac-ft will be assigned to the USBR-Ecology Exchange Contract (Contract No. 09XX101700) from September 16 th through October 31 st . Local impairment and/or out of season impacts to the Teanaway River will be offset by contribution of \$500 to one of more headwaters riparian corridor projects in the Teanaway River basin. All authorizations will include a provision based on local availability which may result in the temporary curtailment of water use until the priority call ends.

The existing well and parcel are in the proposed suitable (i.e., green) area for the Bourne Water Bank. This area includes the green zone of the Masterson Ranch water bank, plus the Teanaway River valley upriver to the historic point of diversion on the North Fork of the Teanaway River, located immediately upriver of the Teanaway Road bridge. The green zone will exclude the lower reach of the West Fork Teanaway River. Areas outside of the green zone will be designed yellow, requiring additional information to determine application-specific suitability.

WTWG Project form

Comments: Place of use and point of diversion are defined on the cover sheet under the heading "LEGAL DESCRIPTION OF PROPERTY ON WHICH WATER IS TO BE USED."
