Publication	Office of State Procurement, General Administration	<p>The Environmentally Preferable Purchasing Reference Guide is provided by Office of State Procurement, Department of General Administration and Department of Ecology, State of Washington.</p> <p>The guide introduces and defines “environmentally preferable purchasing”. The guide does not answer every environmental question, nor address possible social aspects of where and under what condition products are produced, nor any other related production hazards.</p> <p>Included in this guide are the basics of environmentally preferable purchasing for many product groups. You will find many purchasing resources to help you make environmentally preferable buying decisions.</p> <p>The guide is designed to help buyers at state agencies, colleges and universities, and political subdivisions with valuable information and resources for making purchasing decisions that are better for their employees and our environment.</p> <p>For further assistance please contact the Office of State Procurement at (360) 902-7400 or on the internet at http://www.ga.wa.gov and the Department of Ecology at (360) 407-6358, http://www.ecy.wa.gov/</p>	http://www.ga.wa.gov/pca/regulat.htm
