---

303d@ecy.wa.gov,  
today i visited Katherine L. Wells , Executive  
Director, Chambers Creek Foundation,  
9850 64th Street West, University Place, WA 98467.  
253-460-5866, 253-255-6837 (cell)  
[www.chamberscreekfoundation.org](http://www.chamberscreekfoundation.org).

in the conversation i mentioned cannon beach, oregon  
sewage lagoons . on leaving i saw a display of tacoma  
sewage discharge into puget sound. i told her that i  
would be happy to use my shovel to create a series of  
lagoons such that the first is raw sewage, and the  
last is better quality than puget sound today; as  
shown by the greater abundance of marine plant and  
animal life, flowing into puget sound. i want you to  
know that i am an unpaid volunteer, and will be glad  
to do this for every city.
