## Angle Grinders

### 4-1/2" Angle Grinder – Electric

Model No. - L 1109 S ( 6.6 AMP / 10,000 RPM)

#### ELECTRIC Model L 1109 S Specifications:

Speed (RPM):	10,000
Power:	6.6 AMP Motor
Max. Grinding Capacity	4-1/2"
Weight	3.5 lbs.

#### Standard Equipment:

4-1/2" Guard – Item no. 171.476  
 Clamping Flange – Item no. 132.322  
 Retaining Nut – Item no. 132.330  
 Side Handle – Item no. 194.034  
 Spanner Wrench – Item no. 100.110

**The most dependable electric mini grinder.**

Lightweight, and heavy-duty, this versatile angle grinder is ideal for grinding, cleaning, deburring, blending and smoothing. Light yet heavy-duty. Accept 4-1/2" grinding discs. Come equipped with a Quick Lock Spindle, requiring only one wrench for quick and easy wheel change. Removable side handle may be mounted on either side of the tool.  
 Spindle size: 5/8" x 11.

### 4-1/2" or 5" Angle Grinder – Pneumatic

Model No. - L 1109 Air (1 HP / 6,500 RPM)

#### PNEUMATIC Model L 1109 AIR Specifications:

Speed (RPM):	6,500
Power:	1 HP
Max. Grinding	

<b>Capacity</b>	4-1/2" or 5"
<b>Air Pressure:</b>	90 PSI
<b>Air Consumption:</b>	33 CFM
<b>Air Connection:</b>	1/4"
<b>Weight</b>	4.25 lbs.

**Standard Equipment:**

**5" Guard – Item no. 171.484**  
**Clamping Flange – Item no. 132.322**  
**Retaining Nut – Item no. 132.330**  
**Side Handle – Item no. 194.034**  
**Spanner Wrench – Item no. 100.110**

**The most dependable pneumatic mini grinder.**

Lightweight, and heavy-duty, this versatile angle grinder is ideal for grinding, cleaning, deburring, blending and smoothing. Light yet heavy-duty. Accept 4-1/2" and 5" grinding discs. Comes equipped with a Quick Lock Spindle, requiring only one wrench for quick and easy wheel change. Removable side handle may be mounted on either side of the tool. Spindle size: 5/8" x 11.

**4-1/2" or 5" Angle Grinder – Variable Speed Electric****Angle Grinder / Sander**

**Model No. - L 1506 VR**

**11 AMP / 2,200-6,800 RPM.**

**ELECTRIC Model L 1506 VR Specifications:**

<b>Speeds (RPM):</b>	2200-6800
<b>Power:</b>	11 AMP Motor
<b>Max. Grinding Capacity:</b>	4-1/2" or 5"
<b>Weight:</b>	4.2 lbs.

**Standard Equipment:**

**5" Guard – Item no. 251.682**  
**Clamping Flange – Item no. 132.322**  
**Retaining Nut – Item no. 132.330**  
**Side Handle – Item no. 194.034**  
**Spanner Wrench – Item no. 100.110**  
**Grip Cover – 259.403**

Extremely powerful 5" angle grinder and sander with variable speed electronic motor with overload protection.

Spindle size: 5/8 - 11

#### 4-1/2" or 5" Angle Grinder – Variable Speed Electric w/ Dust Extraction

##### Angle Grinder / Sander

Model No. - L 1506 VV

11 AMP / 2,000-6,500 RPM.

##### ELECTRIC Model L 1506 VV Specifications:

Speeds (RPM):	2000-6500
Power:	11 AMP Motor
Max. Grinding Capacity:	4-1/2" or 5"
Vacuum Port:	1-1/4"
Weight:	4 lbs.

##### Standard Equipment:

5" Guard – Item no. 251.682

Clamping Flange – Item no. 132.322

Retaining Nut – Item no. 132.330

Side Handle – Item no. 194.034

Spanner Wrench – Item no. 100.110

Grip Cover – 259.403

Extremely powerful 5" angle grinder and sander with variable speed electronic motor. Vacuum port: 1-1/4". Ideal for use with Unitec CS 1225 Dust Extraction Vacuum.

Spindle size: 5/8 - 11

#### 5" Angle Grinders – Pneumatic

##### Angle Grinder / Sander

Model No. - L 1506 VV AIR w/ Dust Extraction

1 HP, 33CFM @ 90 PSI, 6000 RPM

##### PNEUMATIC Model L 1506 VV AIR Specifications:

Speeds (RPM):	6000
Power:	1 HP Motor
Max. Grinding Capacity:	5" with dust extraction
Air Pressure:	90 PSI

**Air Consumption:** 33 CFM  
**Air Connection:** 1/4"  
**Vacuum Port:** 1-1/4"  
**Weight:** 4 lbs.

**Standard Equipment:**  
**Side Handle – Item no. 194.034**  
**5" Guard – Item no. 251.682**

**Accessories:**  
**Carrying Case – Item no. 252.185**

Extremely powerful 5" angle grinder and sander with variable speed pneumatic motor. Vacuum port: 1-1/4". Ideal for use with Unitec CS 1225 Dust Extraction Vacuum.  
 Spindle size: 5/8 - 11

### 5" Angle Grinder – Electric

**Angle Grinder, 5", Electric**  
**Model No. L 1509 FR**  
**11 AMP / 10,000 RPM**

The most powerful angle grinder, with feedback motor. Rugged and slim line. Electronic control with tachogenerator maintains constant speed even at extreme loads for maximum grinding power. Removable side handle may be mounted on either side of the tool.  
 Spindle Size: 5/8" - 11  
 Wgt.: 4 lbs.

#### **ELECTRIC Model L 1509 FR Specifications:**

**Speeds (RPM):** 10,000  
**Power:** 11 AMP Motor  
**Max. Grinding Capacity:** 5"  
**Weight:** 4 lbs.

**Standard Equipment:**  
**5" Guard – Item no. 171.484**  
**Clamping Flange – Item no. 132.322**  
**Retaining Nut – Item no. 132.330**  
**Side Handle – Item no. 194.034**  
**Spanner Wrench – Item no. 100.110**

**Accessories:**  
**Carrying Case – Item no. 252.185**
