RE: Extension of Trust Water Donation CS4-34553@2

Dear Mr. and Ms. Berg:

In response to your request, you are hereby granted an extension to the above referenced trust water donation for a period of one year.

This trust water right will expire on December 31, 2013.

RCW 90.42.080 provides in part that the total of any portion of the water right remaining with the donor plus the donated portion of the water right may not exceed the extent to which the water right was exercised during the five years before the donation.

In accordance with RCW 90.42.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the Trust Water Right Program.

Ecology's acceptance of the donated water right into the trust water right program is not evidence of the validity or quantity of the right. When the period of trust ends, the donated water right will revert back to the water right holder or landowner. To the extent that the donated water right represents a valid water right, the water right holder or landowner may resume exercising the right in a manner consistent with the original purpose(s):

Your water right is a Family Farm Water Act (FFWA) water right as defined under Chapter 90.66 RCW. The Act does not provide explicit authority for Ecology to accept water rights via the donation process as described under the trust water statutes of Chapters 90.38 or 90.42 RCW. However, Ecology will accept a FFWA water right via donation into the TWRP with disclosure that certain legal risks to the future validity of your water right may exist. The primary risk could be relinquishment should a court proceeding determine that your water right was not legally able to qualify for trust status as defined under the Family Farm Act or the trust right statutes.

Absent a court ruling to the contrary, Ecology will view FFWA water rights donated to the TWRP as beneficially used and not subject to relinquishment consistent with RCW 90.42.040(6), RWC 90.14.140(h), and RCW 90.14.215. Ecology is willing to work with FFWA water right holders on a case-by-case basis to determine whether options exist to reduce or eliminate this legal risk.

If, prior to expiration of this temporary donation, you would like to extend the temporary donation, please send us a written request. Also, if you wish to modify any terms of your donation, your letter must include the new terms. Ecology will review your request and any new or modified terms and conditions and will notify you whether the donation can be extended or terminated.

If you have questions or concerns, please contact the Office of Columbia River Trust Water Coordinator, Patricia Kirk, by phone at (509) 249-6299 or by e-mail at patricia.kirk@ecy.wa.gov.
