

STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY

15 W Yakima Ave, Ste 200 • Yakima, WA 98902-3452 • (509) 575-2490

January 19, 2011

Jim Kuntz, Executive Director
Port of Walla Walla
310 A Street
Walla Walla WA 99362-2269

Dear Mr. Kuntz:

The purpose of this letter is to acknowledge Department of Ecology's acceptance of your request to extend the term of your current donation by one year. This trust water right is identified by control number **CG3-21037C**. Please refer to this number when corresponding with us about this trust water right.

This trust water right expires on December 31, 2011.

The Trust Water Rights Program is aware that negotiations are underway between Ecology and the Port of Walla Walla to create a lease agreement for the parent water right to this trust water right. If a lease agreement is executed between the two parties, then this trust water right will be cancelled per the effective date of said lease agreement.

The Department of Ecology, pursuant to RCW 90.42.080(1)(b), acknowledges your donation in the amount of 205 acre-feet per year. The purpose of the donation is for groundwater preservation in the unconsolidated sedimentary aquifer from January 1, 2011 to December 31, 2011. Groundwater within the unconsolidated sedimentary aquifer likely discharges to and is recharged by the Columbia River (McNary Pool).

The parent water right, G3-21037C, authorized the withdrawal of 800 gallons per minute, up to 372 acre-feet per year for the irrigation of 80 acres during the irrigation season. The recorded place of use is located within the N1/2SE1/4 of Section 14, T. 7 N., R. 31 E.W.M.

Section 90.42.080 provides in part that the total of any portion of the water right remaining with the donor plus the donated portion of the water right may not exceed the extent to which the water right was exercised during the five years before the donation.

In accordance with RCW 90.42.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the Trust Water Rights Program.

Ecology's acceptance of the donated water right into the Trust Water Rights Program is not evidence of the validity or quantity of the right. When the period of trust ends, the water right will revert back to the water right holder or landowner in the full quantity accepted into the trust water program and for the original purposes.

If, prior to expiration of this temporary donation, you would like to extend the temporary donation, please send us a written request. Also, if you wish to modify any terms of your donation, your letter must

include the new terms. Ecology will review your request and any new or modified terms and conditions and will notify you whether the donation can be extended.

If you have questions or concerns, please call Gary Steele at (509) 249-6299.
