Objectives

- Learn about the work of the task groups to further the 9 ideas that came out of the July 7th meeting.
- Consider a co-lead proposal to group ideas to facilitate CAT consideration and identify phasing for implementation.
- Determine next steps.
- Provide an opportunity for public comment.

1:00 PM Welcome, Roll Call and Introductions (10 minutes)

1:10 PM Introduction to Co-Lead Grouping Proposal (10 minutes)

The co-leads will briefly describe their grouping proposal, so the group can have it in mind as it considers the report outs from the task groups.

1:20 PM Task Group Work Report Outs & Discussion (2 hours)

Each group has about 13 minutes. Each of the 9 task areas will discuss their progress small task groups will report out on their meeting with an emphasis on:

- › The specific actions that would be recommended
- › The GHG emissions reduction potential (actual numbers are needed if possible)
- › The readiness to go within the CAT timeframes

3:20 PM Return to Grouping Proposal & Determine Next Steps (30 minutes)

- › Determine groups and/or specific actions to present to the CAT
- › Identify next steps for the IWG work

3:50 PM Opportunity for Public Comment (10 minutes or longer as needed)

4:00 PM Adjourn
