## Meeting Objectives

- Learn about the work of the small task groups.
- Review small task group ideas for actions and select actions/action areas for the IWG to focus future work on.
- Identify next steps for selected actions/action areas.
- Provide an opportunity for public comment.

## Agenda

9:00 AM Welcome, Roll Call and Introductions (10 minutes)

9:10 AM Small Group Report Outs & Discussion (90 minutes)

Each of the 8 small task groups will report out on their meeting with an emphasis on:

- › the GHG emissions reduction actions/action areas they recommend the IWG focus on;
- › any emissions reduction ideas they would recommend, except that, for example, there isn't time develop them for implementation as part of this process, so they were sent to the bike rack/parking lot.

Each group has about 10 minutes.

10:40 AM IWG Discussion and Selection of Focus Actions/Action Areas (1 hour)

IWG members will select 3-5 focus actions or action areas for more work, considering

- › greenhouse gas emission reductions (total amount and timing);
- › ancillary impacts such as job creation or economic development;
- › achievability/implementability;
- › ability to create synergistic benefits by building public acceptance.

11:40 AM Opportunity for Public Comment (10 minutes or longer as needed)

11:50 AM Next Steps (10 minutes)

12:00 Adjourn
