

**Executive Order 07-02
Draft PAWG Report Outline**

The following highlighted section to be written by Barb

Executive Summary

- **Goals of Preparation/Adaptation**
- **PAWG Findings**
 - **Key Impacts for WA**
 - **Priority Recommendations for Action**
 - **Priority Recommendations for Further Research and Next Steps**
- **Overarching/Critical considerations (e.g. public engagement/education, environmental justice, dealing with uncertainties in the science, etc.)**
- **Conclusion**

1. Introduction

- **PAWG Charge and Process**
- **Relationship of Preparation/Adaptation and Mitigation work/goals**
- **Relationship to work of the Climate Impacts Group under 1303**

2. Overview of Climate Impacts for Washington [CIG]

3. Overview of PAWG findings

- **Key Impacts for Washington**
- **Priority Recommendations for Action**
- **Priority Recommendations for Further Research and Next Steps**
- **Overarching/Critical considerations (e.g. public engagement/education, environmental justice, dealing with uncertainties in the science, etc.)**

4. For Each PAWG (the more concise the better – aim for 10 to 15 pages, with appendices)

- **Climate Impacts Baseline for Sector [CIG] Due to Barb by Friday, Oct. 12, 2007**
- **Key Impacts and Issues for Sector in WA Due to Barb by Friday, Oct. 12, 2007**
- **2-3 Priority Recommended Strategies Due to Barb by Friday, Nov. 16, 2007**
 - Description of the strategy
 - Reasons for selecting the strategy (documenting the science)
 - Specific impact
 - Key criteria and prioritization approach
 - Key assumptions
 - Goal of the strategy
 - Implementation approach
 - Existing implementation mechanisms that can be applied/adapted
 - Needs and barriers
 - Additional recommended mechanisms to be developed
 - Needs and barriers
 - Identify who implements the recommendations (State agencies, others who need to be involved)
- **Priority Recommendations for Research**

- ID existing knowledge gaps and what needs to be better understood for planning/preparation
- Recommendations for critical information gaps to fill and/or opportunities for case studies

- Overarching/Critical considerations (e.g. public engagement/education, environmental justice, dealing with uncertainties in the science, etc.)

- Next Steps

Appendices

- List of PAWG Members
- Climate Impacts Information [summary and link to references]
- PAWG Analyses and Technical Appendices
