

**SEPA EIS FACT SHEET**

**EIS SUMMARY**

**ES-1**

**Introduction and Background** ..... ES-1

**Environmental Review Process** ..... ES-2

**Objective of the Proposed Project**..... ES-3

**Alternatives Considered**..... ES-3

    No Action Alternative ..... ES-3

    Proposed Project ..... ES-4

**Significant Areas of Concern** ..... ES-9

**Summary of Environmental Impacts and Proposed Mitigation Measures** ..... ES-10

    Chapter 3.1 – Earth Resources ..... ES-10

    Chapter 3.2 – Groundwater ..... ES-11

    Chapter 3.3 – Surface Water ..... ES-11

    Chapter 3.4 – Fish and Aquatic Species and Habitat ..... ES-12

    Chapter 3.5 – Wetlands ..... ES-13

    Chapter 3.6 – Vegetation and Terrestrial Wildlife ..... ES-14

    Chapter 3.7 – Cultural Resources ..... ES-16

    Chapter 3.8 – Treaty and Traditionally Used Resources ..... ES-17

    Chapter 3.9 – Noise and Vibration ..... ES-18

    Chapter 3.10 – Air Quality and Greenhouse Gases ..... ES-18

    Chapter 3.11 – Energy and Natural Resources ..... ES-20

    Chapter 3.12 – Land Use and Social Elements ..... ES-20

    Chapter 3.13 – Visual Resources ..... ES-22

    Chapter 3.14 – Economics ..... ES-23

    Chapter 3.15 – Rail Traffic and Transportation ..... ES-23

    Chapter 3.16 – Vehicle Traffic and Transportation ..... ES-24

    Chapter 3.17 – Public Services and Incident Response ..... ES-25

    Chapter 4 – Environmental Health and Risk ..... ES-26

**Next Steps and Issues to be Resolved** ..... ES-36

**CHAPTER 1 INTRODUCTION**

**1-1**

**Project Overview** ..... 1-1

**Project Background** ..... 1-2

**Objective of the Proposed Project**..... 1-3

**Environmental Review Process** ..... 1-4

    EIS Scoping Process ..... 1-4

    Draft EIS Preparation, Publication, and Review ..... 1-4

    Final EIS Publication ..... 1-5

    Public, Agency, and Tribal Involvement ..... 1-5

    Federal, State, and Local Permits and Approvals ..... 1-5

**EIS Organization**..... 1-7

**CHAPTER 2 PROPOSED PROJECT AND ALTERNATIVES**

**2-1**

**No Action Alternative** ..... 2-1

    Location ..... 2-1

    Existing Facilities and Operations ..... 2-3

**Alternatives Considered** ..... 2-6

    On-Site Alternatives..... 2-6

    Off-Site Alternatives..... 2-11

    Alternatives Suggested During the EIS Scoping Process ..... 2-11

    Alternative Methods of Crude Oil Transport ..... 2-12

    Benefits and Disadvantages of Delaying Implementation ..... 2-12

**Proposed Project** ..... 2-13

    Proposed Facilities and Operations ..... 2-16

    Construction Methods and Sequencing..... 2-28

    Wetland Mitigation ..... 2-32

**CHAPTER 3 AFFECTED ENVIRONMENT AND ENVIRONMENTAL IMPACTS** ..... 3.0-1

**3.0 Introduction** ..... 3.0-1

**Overview of Approach** ..... 3.0-1

**Overview of Study Areas** ..... 3.0-3

**Environmental Resources Considered** ..... 3.0-3

**Overview of Cumulative Impacts Analysis** ..... 3.0-6

        Cumulative Impacts Study Areas..... 3.0-7

        Timeframe for Cumulative Impacts Analysis ..... 3.0-7

        Past, Present, and Reasonably Foreseeable Future Actions ..... 3.0-7

**3.1 Earth Resources** ..... 3.1-1

**Study Area and Methodology** ..... 3.1-1

**Affected Environment** ..... 3.1-4

        Regional Geologic Setting ..... 3.1-4

**Environmental Impacts**..... 3.1-18

        No Action Alternative ..... 3.1-18

        Proposed Project ..... 3.1-18

**Mitigation Measures**..... 3.1-22

        Avoidance and Minimization..... 3.1-22

        Mitigation ..... 3.1-22

**3.2 Groundwater** ..... 3.2-1

**Study Area and Methodology** ..... 3.2-1

**Affected Environment** ..... 3.2-4

        Proposed Project Site..... 3.2-4

        Wetland Mitigation Site and Anacortes Subdivision ..... 3.2-12

**Environmental Impacts**..... 3.2-20

        No Action Alternative ..... 3.2-20

        Proposed Project ..... 3.2-20

**Mitigation Measures**..... 3.2-23

        Avoidance and Minimization..... 3.2-23

        Mitigation ..... 3.2-23

**3.3 Surface Water** ..... 3.3-1

**Study Area and Methodology** ..... 3.3-1

**Affected Environment** ..... 3.3-7

        Proposed Project Site..... 3.3-7

        Wetland Mitigation Site ..... 3.3-10

        Anacortes Subdivision ..... 3.3-12

**Environmental Impacts** ..... 3.3-14

    No Action Alternative ..... 3.3-14

    Proposed Project Site ..... 3.3-14

    Wetland Mitigation Site ..... 3.3-26

    Anacortes Subdivision ..... 3.3-27

**Mitigation Measures** ..... 3.3-28

    Avoidance and Minimization ..... 3.3-28

    Mitigation ..... 3.3-28

**3.4 Fish and Aquatic Species and Habitat** ..... 3.4-1

**Study Area and Methodology** ..... 3.4-1

**Affected Environment** ..... 3.4-4

        Proposed Project Site ..... 3.4-4

        Wetland Mitigation Site ..... 3.4-11

        Anacortes Subdivision ..... 3.4-12

**Environmental Impacts** ..... 3.4-14

        No Action Alternative ..... 3.4-14

        Proposed Project Site ..... 3.4-14

        Anacortes Subdivision ..... 3.4-19

        Wetland Mitigation Site ..... 3.4-20

**Mitigation Measures** ..... 3.4-21

        Avoidance and Minimization ..... 3.4-21

        Mitigation ..... 3.4-22

**3.5 Wetlands** ..... 3.5-1

**Study Area and Methodology** ..... 3.5-1

**Affected Environment** ..... 3.5-5

        Proposed Project Site ..... 3.5-5

        Wetland Mitigation Site ..... 3.5-17

        Anacortes Subdivision ..... 3.5-20

**Environmental Impacts** ..... 3.5-24

        No Action Alternative ..... 3.5-24

        Proposed Project ..... 3.5-24

        Wetland Mitigation Site ..... 3.5-33

        Anacortes Subdivision ..... 3.5-34

**Mitigation Measures** ..... 3.5-35

        Avoidance and Minimization ..... 3.5-35

        Mitigation ..... 3.5-36

**3.6 Vegetation and Terrestrial Wildlife** ..... 3.6-1

**Study Area and Methodology** ..... 3.6-1

**Affected Environment** ..... 3.6-9

        Proposed Project and Wetland Mitigation Sites ..... 3.6-9

**Environmental Impacts** ..... 3.6-32

        No Action Alternative ..... 3.6-32

        Proposed Project Site ..... 3.6-32

        Wetland Mitigation Site ..... 3.6-39

        Anacortes Subdivision ..... 3.6-43

**Mitigation Measures** ..... 3.6-44

        Avoidance and Minimization ..... 3.6-44

        Mitigation ..... 3.6-45

<b>3.7 Cultural Resources</b> .....	<b>3.7-1</b>
<b>Study Area and Methodology</b> .....	<b>3.7-1</b>
<b>Affected Environment</b> .....	<b>3.7-3</b>
Proposed Project.....	3.7-3
<b>Environmental Impacts</b> .....	<b>3.7-19</b>
No Action Alternative.....	3.7-19

<b>Study Area and Methodology</b> .....	<b>3.10-1</b>
Direct Emissions Analysis.....	3.10-5
Indirect Emissions Analysis.....	3.10-8
Greenhouse Gas Emissions Analysis.....	3.10-8
<b>Affected Environment</b> .....	<b>3.10-14</b>
Proposed Project Site, Wetland Mitigation Site, and Anacortes Subdivision.....	3.10-14
Extended Study Area.....	3.10-16
<b>Environmental Impacts</b> .....	<b>3.10-20</b>
No Action Alternative.....	3.10-20
Proposed Project Site, Wetland Mitigation Site, and Anacortes Subdivision.....	3.10-20
Extended Study Area.....	3.10-21
<b>Mitigation Measures</b> .....	<b>3.10-25</b>
Avoidance and Minimization.....	3.10-25
Mitigation.....	3.10-25

**3.11 Energy and Natural Resources ..... 3.11-1**

**Study Area and Methodology ..... 3.11-1**

**Affected Environment ..... 3.11-3**

Proposed Project Site.....3.11-3

Wetland Mitigation Site .....3.11-3

Extended Study Area .....3.11-3

**Environmental Impacts..... 3.11-3**

No Action Alternative .....3.11-3

Proposed Project Site.....3.11-4

Wetland Mitigation Site .....3.11-5

Extended Study Area .....3.11-5

**Mitigation Measures..... 3.11-6**

Avoidance and Minimization .....3.11-6

Mitigation .....3.11-6

**3.12 Land Use and Social Elements..... 3.12-1**

**Study Area and Methodology ..... 3.12-1**

**Affected Environment ..... 3.12-5**

Overview .....3.12-5

Proposed Project Site.....3.12-24

Wetland Mitigation Site .....3.12-26

Anacortes and Bellingham Subdivisions .....3.12-27

**Environmental Impacts..... 3.12-32**

No Action Alternative .....3.12-32

Proposed Project Site.....3.12-32

Wetland Mitigation Site .....3.12-35

Anacortes and Bellingham Subdivisions .....3.12-37

**Mitigation Measures..... 3.12-39**

Avoidance and Minimization .....3.12-39

Mitigation .....3.12-39

**3.13 Visual Resources ..... 3.13-1**

**Study Area and Methodology ..... 3.13-1**

**Affected Environment ..... 3.13-4**

Proposed Project Site.....3.13-4

Wetland Mitigation Site .....3.13-8

Anacortes Subdivision .....3.13-12

**Environmental Impacts..... 3.13-17**

No Action Alternative .....3.13-17

Proposed Project .....3.13-17

Wetland Mitigation Site .....3.13-18

Anacortes Subdivision .....3.13-19

**Mitigation Measures..... 3.13-21**

Avoidance and Minimization .....3.13-21

Mitigation .....3.13-21

**3.14 Economics ..... 3.14-1**

**Study Area and Methodology ..... 3.14-1**

**Affected Environment ..... 3.14-3**

Proposed Project .....3.14-3

**Environmental Impacts..... 3.14-7**

No Action Alternative .....3.14-7

Proposed Project .....3.14-7

**Mitigation Measures** ..... 3.14-11  
     Avoidance and Minimization ..... 3.14-11  
     Mitigation ..... 3.14-11

**3.15 Rail Traffic and Transportation** ..... 3.15-1

**Study Area and Methodology** ..... 3.15-1  
         At-Grade Crossing Operations Analysis ..... 3.15-8  
         Rail Traffic Capacity Analysis ..... 3.15-10

**Affected Environment** ..... 3.15-12  
         Anacortes and Bellingham Subdivisions ..... 3.15-12

**Environmental Impacts** ..... 3.15-14  
         No Action Alternative ..... 3.15-14  
         Proposed Project and Anacortes Subdivision ..... 3.15-14  
         Bellingham Subdivision and Extended Study Area ..... 3.15-16

**Mitigation Measures** ..... 3.15-20  
         Avoidance and Minimization ..... 3.15-20  
         Mitigation ..... 3.15-20

**3.16 Vehicle Traffic and Transportation** ..... 3.16-1

**Study Area and Methodology** ..... 3.16-1

**Affected Environment** ..... 3.16-12  
         Anacortes and Bellingham Subdivisions ..... 3.16-12

**Environmental Impacts** ..... 3.16-16  
         No Action Alternative ..... 3.16-16  
         Proposed Project and Wetland Mitigation Sites ..... 3.16-17  
         Extended Study Area ..... 3.16-26

**Mitigation Measures** ..... 3.16-31  
         Avoidance and Minimization ..... 3.16-31  
         Mitigation ..... 3.16-31

**3.17 Public Services and Incident Response** ..... 3.17-1

**Study Area and Methodology** ..... 3.17-1

**Affected Environment** ..... 3.17-5  
         Proposed Project and Wetland Mitigation Sites ..... 3.17-5  
         Anacortes and Bellingham Subdivisions ..... 3.17-9  
         Extended Study Area ..... 3.17-11

**Environmental Impacts** ..... 3.17-18  
         No Action Alternative ..... 3.17-18  
         Proposed Project Site ..... 3.17-19  
         Wetland Mitigation Site ..... 3.17-19  
         Anacortes and Bellingham Subdivisions ..... 3.17-19  
         Extended Study Area ..... 3.17-20

**Mitigation Measures** ..... 3.17-21  
         Avoidance and Minimization ..... 3.17-21  
         Mitigation ..... 3.17-21

**CHAPTER 4 ENVIRONMENTAL HEALTH AND RISK** ..... 4-1

**Introduction** ..... 4-1  
         Select Laws, Regulations, and Guidance ..... 4-4

**Probability of An Accident and Release** ..... 4-7  
         High Estimate Evaluation of Accident and Release Rates ..... 4-15  
         Low Estimate Evaluation of Accident and Release Rates ..... 4-26  
         Probability of Release from an Unloaded Train ..... 4-31  
         Cumulative Probability of an Accident and Release ..... 4-32

<b>Potential Oil Release Consequences .....</b>	<b>4-44</b>
Approach to Analysis of Oil Release.....	4-45
Release Scenario Trajectory and Fate Modeling Methods .....	4-50
Potential Impacts Overlay Analysis and Biological Impacts Assessment Methods.....	4-52
Release Scenario Trajectory and Fate Modeling Results .....	4-54
Potential Impacts Overlay Analysis and Biological Impacts Assessment Results.....	4-60
Potential Cumulative Consequences of a Release.....	4-62
<b>Fire and Explosion Probability and Potential Consequences.....</b>	<b>4-62</b>
Approach to Fire and Explosion Analysis .....	4-63
Probability of a Fire or Explosion .....	4-64
Potential Pool Fire Hazard Range.....	4-66
Potential Vapor Cloud Explosion Hazard Range.....	4-69
Potential BLEVE Hazard Range .....	4-69
Cumulative Probability and Consequences of a Fire or Explosion .....	4-72
<b>Regional Economic Risk .....</b>	<b>4-74</b>
Approach to Economic Risk Analysis.....	4-74
Potential Economic Consequences of a Release of Oil.....	4-75
Potential Economic Damages to Tribes .....	4-79
Potential Total Value of Economic Damages.....	4-80
Potential Economic Consequences of a Fire or Explosion .....	4-82
<b>Accident and Release Response and Mitigation Measures .....</b>	<b>4-83</b>
<b>CHAPTER 5 SUMMARY OF IMPACTS AND MITIGATION .....</b>	<b>5-1</b>
<b>Introduction .....</b>	<b>5-1</b>
SEPA Requirements for Mitigation Measures .....	5-2
<b>Summary of Impacts and Proposed Mitigation.....</b>	<b>5-3</b>
Chapter 3.1 – Earth Resources.....	5-3
Chapter 3.2 – Groundwater .....	5-4
Chapter 3.3 – Surface Water.....	5-5
Chapter 3.4 – Fish and Aquatic Species and Habitat .....	5-7
Chapter 3.5 – Wetlands.....	5-8
Chapter 3.6 – Vegetation and Terrestrial Wildlife .....	5-11
Chapter 3.7 – Cultural Resources .....	5-14
Chapter 3.8 – Treaty and Traditionally Used Resources .....	5-15
Chapter 3.9 – Noise and Vibration.....	5-16
Chapter 3.10 – Air Quality and Greenhouse Gases.....	5-18
Chapter 3.11 – Energy and Natural Resources.....	5-19
Chapter 3.12 – Land Use and Social Elements .....	5-20
Chapter 3.13 – Visual Resources.....	5-22
Chapter 3.14 – Economics.....	5-24
Chapter 3.15 – Rail Traffic and Transportation.....	5-24
Chapter 3.16 – Vehicle Traffic and Transportation.....	5-25
Chapter 3.17 – Public Services and Incident Response .....	5-27
Chapter 4 – Environmental Health and Risk .....	5-29
<b>CHAPTER 6 REFERENCES .....</b>	<b>6-1</b>

Figure 4-13	Conceptual Diagram of the OILMAP Land Transport Model Depicting the Possible Fate of Oil as it Moves over the Land Surface.....	4-50
Figure 4-14	Conceptual Model of Oil Fate Processes in Water that are Simulated in the SIMAP Model.....	4-51
Figure 4-15	Fate of Oil at the End of the 48-hour Simulation .....	4-57
Figure 4-16	Area Experiencing Threshold Exceedance of Dissolved Aromatic Concentration and Surface Oil Thickness for Each of the Modeled Oil Releases .....	4-59
Figure 4-17	Impacts of Overpressure on Structures and the Human Body.....	4-65
Figure 4-18	Example of Pool Fire Thermal Radiation Levels from a 28- to 30-Car Release with Medium Winds.....	4-68
Figure 4-19	Example of Vapor Cloud Explosion Overpressure Levels from a 28- to 30-Car Release with Medium Winds .....	4-71

**LIST OF TABLES**

Table ES-1	Summary of Impacts and Proposed Mitigation.....	ES-27
Table 1-1	Federal, State, and Local Permits and Approvals.....	1-6
Table 2-1	Summary Results of On-Site Alternatives Considered or Evaluated.....	2-10
Table 3.0-1	Environmental Resources Considered in this Chapter .....	3.0-4
Table 3.0-2	Past, Present, and Reasonably Foreseeable Future Actions .....	3.0-9
Table 3.1-1	Laws, Regulations, and Guidance for Project-Related Earth Resources .....	3.1-2
Table 3.2-1	Laws, Regulations, and Guidance for Project-Related Groundwater .....	3.2-2
Table 3.2-2	Existing Cleanup Sites With Groundwater Contamination in the Study Area .....	3.2-17
Table 3.2-3	Estimated Seepage Rates From Proposed Project Site Cut Slopes.....	3.2-21
Table 3.3-1	Laws, Regulations, and Guidance for Project-Related Surface Water.....	3.3-2
Table 3.3-2	On-Site Spill Containment Capacity .....	3.3-19
Table 3.3-3	Existing and Proposed Peak Flows for Entire Facility .....	3.3-25
Table 3.4-1	Laws, Regulations, and Guidance for Project-Related Fish and Aquatic Species and Habitat.....	3.4-2
Table 3.4-2	Special-Status Fish and Marine Mammal Species Documented or Potentially Occurring in the Study Area.....	3.4-10
Table 3.5-1	Laws, Regulations, and Guidance for Project-Related Wetlands.....	3.5-2
Table 3.5-2	Wetlands in the Proposed Project Site .....	3.5-7
Table 3.5-3	Palustrine Wetland Functions in the Project Site <sup>1</sup> .....	3.5-15
Table 3.5-4	Wetlands on the Mitigation Site.....	3.5-17
Table 3.5-5	Wetland Impacts Summary .....	3.5-27
Table 3.5-6	Wetland Buffer Impact Summary.....	3.5-31
Table 3.6-1	Laws, Regulations, and Guidance for Project-Related Vegetation and Terrestrial Wildlife .....	3.6-2
Table 3.6-2	Vegetation Communities and Land Cover Type Descriptions .....	3.6-10
Table 3.6-3	Vegetation Communities and Land Cover Type Prevalence – Project Site.....	3.6-11

Table 3.6-4	Vegetation Community and Land Cover Type Prevalence – Wetland Mitigation Site .....	3.6-13
Table 3.6-5	Documented Noxious Weeds – Proposed Project and Wetland Mitigation Sites .....	3.6-15
Table 3.6-6	Vegetation Communities and Land Cover Types – Anacortes Subdivision.....	3.6-17
Table 3.6-7	Wildlife Associations with Vegetation Communities and Land Cover Types – Proposed Project Site .....	3.6-23
Table 3.6-8	Wildlife Associations with Vegetation Communities and Land Cover Types – Wetland Mitigation Site .....	3.6-25
Table 3.6-9	Wildlife Associations with Vegetation Communities and Land Cover Types – Anacortes Subdivision.....	3.6-26
Table 3.6-10	Special Status Wildlife Species Documented or Potentially Occurring in the Study Area .....	3.6-28
Table 3.6-11	Vegetation Disturbance Areas Associated with the Proposed Project .....	3.6-33
Table 3.6-12	Vegetation Disturbance Areas Associated – Wetland Mitigation Site.....	3.6-40
Table 3.7-1	Laws, Regulations, and Guidance for Project-Related Cultural Resources.....	3.7-2
Table 3.7-2	Ethnographic Places – Proposed Project and Wetland Mitigation Sites .....	3.7-6
Table 3.7-3	Previous Cultural Resource Studies Within 0.5 Mile of the Proposed Project and Wetland Mitigation Sites .....	3.7-7
Table 3.7-4	Previously Recorded Archaeological Sites in Study Area .....	3.7-14
Table 3.7-5	Previously Recorded Historic-Era Buildings or Structures in Study Area.....	3.7-17
Table 3.7-6	Features Documented on Historic-Period Maps and Plats in Vicinity of the Proposed Spoils Disposal Sites .....	3.7-18
Table 3.8-1	Laws, Regulations, and Guidance for Project-Related Treaties and Traditionally Used Resources .....	3.8-1
Table 3.9-1	Laws, Regulations, and Guidance for Project-Related Noise and Vibration .....	3.9-4
Table 3.9-2	FTA Construction Noise Criteria.....	3.9-6
Table 3.9-3	FTA Noise-Sensitive Land Use Categories .....	3.9-6
Table 3.9-4	FTA Construction Vibration Damage Criteria.....	3.9-8
Table 3.9-5	Baseline Monitoring Results (dBA) .....	3.9-10
Table 3.9-6	Noise Impact Thresholds (Limits) by Monitoring Position .....	3.9-14
Table 3.10-1	Laws, Regulations, and Guidance for Project-Related Air Quality and Greenhouse Gases.....	3.10-2
Table 3.10-2	National and Washington Ambient Air Quality Standards .....	3.10-5
Table 3.10-3	Emissions Factors for Locomotives.....	3.10-7
Table 3.10-4	Calculation of Annual Locomotive Fuel Use in Washington.....	3.10-7
Table 3.10-5	Monitored Air Pollutant Concentrations in the Region .....	3.10-14
Table 3.10-6	Project-Related NO <sub>x</sub> and PM <sub>10</sub> Emissions by County (Washington State) .....	3.10-17

Table 4-22	Cumulative Frequency and Return Period of a Fire or Explosion in the Event of a Release.....	4-73
Table 4-23	Potential Economic Consequences Categories.....	4-75
Table 4-24	Observed Economic Damages from Historical Spills .....	4-81
Table 4-25	Estimated Damages for the Release Volumes per Event.....	4-81
Table 5-1	Summary of Impacts and Proposed Mitigation.....	5-33
Table 8-1	Draft EIS Notification List .....	8-1
Table 8-2	Public Reading Rooms.....	8-3

## APPENDICES

Appendix A	Clean Water Act Section 404(B)(1) Alternatives Analysis
Appendix B	Wetland Delineations and Rating Summary Within the Project Site
Appendix C	Wildlife Species Observed to Occur or With the Potential to Occur in the Project Vicinity
Appendix D	Noise Monitoring Results, Photo Log, and Laboratory Calibration Sheets
Appendix E	Greenhouse Gas Emissions Methods
Appendix F	Vehicle Traffic and Transportation Analysis
Appendix G	Spill Probability and Volume Analysis
Appendix H	Evaluation of Hydrocarbon Releases From Crude-by-Rail Incidents Using Trajectory, Fates, and Effects Modeling
Appendix I	Dispersion, Fire, and Explosion Analysis
