*Shoreline Permit #SHS92-0020 was issued by Whatcom County for this project in 1997, and further, was determined active and not expired by Whatcom County on January 15, 2009. The Wharf and Trestle (in-water components) were approved through a formal Shoreline Management Act Process. The current Shoreline Application (#SHR2011-0009) was required to be submitted because of language at changes to volume and type of commodities proposed for the Terminal.

Therefore, I certify that this project complies with the enforceable policies of Washington's approved Coastal Zone Management Program and will be conducted in a manner consistent with that program.
