

Ecology and the City of Hoquiam (co-lead agencies) are aware that a number of scoping comments were not included in Appendix A of the Draft Environmental Impact Statements for the Westway and Imperium Terminals Expansion Proposals. Many of you have alerted us of this omission.

We would like to assure you that even though not included in the DEISs, these comments, as well as the ones printed, were each read and considered by the co-lead agencies. The comments were also reviewed and considered by the consultants charged with preparing the studies. We apologize for the omission. Below is a list of all who submitted comment letters that were inadvertently omitted. In addition to those listed, many members of the public filled out postcards that were also received and considered.

All scoping comments will be included in the Final EISs for each proposal.
