

Presented by Dr. Toxic and the staff of the Hazardous Waste and Recycling Programs

HHW Project Support and Classroom Presentations

Are you thinking about doing a follow-up HHW project with your students? Would you like some help getting your project started? Dr. Toxic can help! Dr. Toxic will come to your school and provide an introductory presentation on HHW and help your students get started on an HHW action project. For more information contact Dr. Toxic (alias Mark Bronson) at 360-740-1221, or email mark.bronson@lewiscountywa.gov. To schedule a presentation fill out the form below.
