Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this notice is to record the change in location and time associated with the public hearing that Ecology held on June 28, 2012. Ecology convened the hearing in the original location, Guy Cole Center, Carrie Blake Park, 202 North Blake Avenue Sequim, WA, and announced on the record that the hearing was being continued so that it could take place at the new location at a later time that day. Subsequently, the hearing was reconvened at the new location.

Reasons supporting proposal: Ecology changed the location to accommodate a larger number of people. The hours for the open house were extended to allow property owners to get site-specific information on how the proposed water management rule may affect their water use.
