RE: Coastal Zone Consistency for Corps Reference No. NWS-2015-478
O'Hara Corporation Pier Replacement and Float Construction
Salmon Bay, Lake Washington Ship Canal at Seattle, King County, Washington

Dear Mr. O'Hara:

On April 22, 2016, the O'Hara Corporation submitted a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) to the Department of Ecology (Ecology) for the project referenced above.

The project will rehabilitate a commercial pier by removing the existing wooden pier and creosote piling and replacing it with an all new, slightly larger structure in a similar configuration. The replacement pier will include the installation of a new floating pier with three finger piers, and a new dolphin.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the O'Hara Corporation's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Lori Kingsbury at lori.kingsbury@ecy.wa.gov or (360) 407-6926.
