**RE: Extension of Trust Water Donation CS4-SWC8150@3**

Dear Mr. Vik:

The purpose of this letter is to accept your request for a one year extension to the above referenced donation to Ecology's Trust Water Program. The donation consists of 525 acre-feet of water to be used as instream flow of the Columbia River. The new expiration date for this donation is March 31, 2014.

If, **prior** to the new expiration of this temporary donation you would like to extend it yet again, please send us a written request referencing the application number and the terms of the request including the new expiration date.

**Ecology's acceptance of the donated water right into the trust water right program is not evidence of the validity or quantities of the right.** When the period of trust ends, the donated water right will revert back to the water right holder or landowner. To the extent that the donated water right represents a valid water right, the water right holder or landowner may resume exercising the right in a manner consistent with the original purpose(s).

If you have any questions, please feel free to contact Patricia Kirk by phone at (509) 249-6299 or by e-mail at [pkir461@ecy.wa.gov](mailto:pkir461@ecy.wa.gov).

Sincerely,

Mark C. Schuppe  
Operations Manager  
Office of Columbia River
