**RE: Your temporary trust water right donation of Ground Water Certificate G1-25011C**

Dear Mr. Loutsis:

The purpose of this letter is to acknowledge the acceptance of your donation to the Washington State Trust Water Right Program. This trust water right has been assigned the control number CG1-25011C. Please refer to that number when corresponding with us about this trust water right.

Ground Water Certificate G1-25011C was originally issued to David Remlinger with a priority date of May 18, 1987. It authorizes the ground water withdrawal of 20 gallons per minute (gpm) and up to 11.5 acre-feet per year (ac-ft/yr) for single domestic supply (0.5 ac-ft/yr) and commercial & manufacturing (11.0 ac-ft/yr). The authorized point of withdrawal is located within the SE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 32, Township 26 North, Range 7 East, W. M. The recorded place of use is: Lot 2A at King County, Short Plat #281040 being within the SE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 32, Township 26 North, Range 7 East, W. M.

The Department of Ecology (Ecology), pursuant to RCW 90.42.080(1)(b), acknowledges your donation to the trust program in the amount of 11.0 ac-ft/yr for ground water preservation and for enhancing instream flow in the Snoqualmie River. You currently are not using this annual volume due to the 2001 closing of the commercial manufacturing (water bottling) plant. You anticipate the plant will reopen in 2012. You will continue to have the authority to pump up to 20 gpm, but only for single domestic supply, up to 0.5 ac-ft/yr.

RCW 90.42.080(4) specifies that a donated water right cannot exceed the extent to which the water right was exercised during the five years before the donation. Documents supplied with your application testify to the full use of water up to 2001. On September 20, 2005, Ecology accepted 11.0 ac-ft/yr of your water right into the trust program on a temporary basis through September 20, 2008. This donation was later extended through September 20, 2009. As such, and at your request, Ecology will again accept 11.0 ac-ft/yr of your water right into the trust program.

Mr. Tom Loutsis

In accordance with RCW 90.42.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the trust water right program.

Ecology's acceptance of the donated water right into the trust program is not evidence of the validity or quantity of the right. When the period of trust ends, the water right will revert back to the water right holder or landowner in the full quantity accepted into the trust program and for the original purpose(s).

This temporary trust water right shall remain in effect until May 5, 2012, unless you or successors in interest request earlier termination. If, prior to expiration of this temporary donation, you would like to extend the donation, please send us a written request. Also, if you wish to modify any terms of your donation, your letter must include the new terms. Ecology will review your request and any new or modified terms and conditions and will notify you whether the donation can be extended.

If you have any questions or concerns, please call Buck Smith at (425) 649-7147 or email him at [buck.smith@ecy.wa.gov](mailto:buck.smith@ecy.wa.gov).
