This page intentionally left blank.

Photograph 1: Overview of Area 1 showing sparse vegetative cover.

Photograph 2: Area 1 excavation showing shallow root system of sparse vegetative cover and coarse gravel substrate.

Photograph 3: Overview of Area 2a showing moderately dense vegetative cover.

Photograph 4: Overview of Area 2b showing sparse vegetative cover.

Photograph 5: Area 3 – Left: main portion showing sparse vegetative cover and coarse substrate; Right: small drainage area with more vegetative cover and soil with more organic matter.

Photograph 6: Overview of Area 5 showing sparse vegetation and coarse substrate.

Photograph 7: Overview of Area 6 showing little vegetation and coarse substrate.

Photograph 8: Overview of Area 7 showing moderate vegetative cover.

Photograph 9: Area 8 excavation showing sparse vegetative cover, shallow roots, and sandy/gravel substrate.

Photograph 10: Overview of Area 9 showing moderate vegetative cover.

Photograph 11: Overview of Area 10 showing moderately dense vegetative cover.

Photograph 12: Area 10 excavation showing high organic matter soil with gravel.

Photograph 13: Overview of Area 11 dense vegetative cover with shrubs

Photograph 14: Area 11 excavation showing high organic matter soil with wood chips.

Photograph 15: Overview of Area 12 showing dense vegetative cover.

Photograph 16: Overview of Area 13 showing dense vegetative cover.

Photograph 17: Overview of Area 14a showing moderate vegetative cover.

Photograph 18: Area 14a excavation showing sandy/gravelly soil.

Photograph 19: Overview of Area 15 showing dense vegetative cover.

Photograph 20: Area 15 excavation showing high organic matter soil.

Photograph 21: Overview of Area 16 showing moderate vegetative cover.

Photograph 22: Overview of Area 17 showing dense vegetative cover.

Photograph 23: Overview of Area 18 showing vegetative cover.

Photograph 24: Surface of Area 18 showing gravelly soil.

Photograph 25: Overview of Area 20 moderate vegetative cover with trees.

Photograph 26: Overview of Area 22 showing dense vegetative cover.

Photograph 27: Overview of Area 23 showing sparse vegetative cover.

Photograph 28: Overview of Area 24 showing lack of vegetation under the slab.
