Subject: Formal comment on Dungeness Water Management Rule

Please accept this as a formal comment on the proposed rule. My family has land in Carlsborg which could be impacted in the future by the proposed rule.

I have reviewed the letter/comment and attachments sent to your office on July 7, 2012 by the Association of Washington Realtors. Our family supports the comments and views in that letter.

Sincerely,

Lisa Donaldson
Carlsborg Village Properties, Inc.
