

Public Service Announcement

**FOR IMMEDIATE RELEASE:
APRIL 2009**

Be the difference, breathe the difference
(Paid Public Service Announcement)

30 Seconds

Cleaning up your yard?

Remember: Smoky fires are just as harmful as cigarettes. And burning yard debris is illegal in most communities with fines up to \$10,000.

Legal or not, consider cleaner alternatives.

Chip, compost, and recycle your yard waste on your land. Use curbside pickup, or haul it to a landfill.

If you do burn, keep it small and hot. Never burn garbage.

This year, the Department of Ecology asks you to *be* the difference and *breathe* the difference.
