

VOC Concentrations (for TCE & VC only) in Shallow Ground Water (sample depth ≤10')

- TCE or VC exceed PCL¹
- ▲ TCE or VC are detected (neither exceed PCL)
- TCE and VC are not detected
- ▭ Initial Residences Selected for Sampling
- ▨ Area Near Exceedance of Groundwater PCL

**Department of Ecology
State of Washington**

1. Groundwater Preliminary Concern Levels (PCL): trichloroethene (TCE) = 1 ppb, vinyl chloride (VC) = 0.23 ppb
 2. For more detailed information please refer to Ecology's web site listed in the Fact Sheet
