CSPA Version: 1.0.0.0

By selecting this option you are requesting that the identity of your suppliers be made available only for the confidential use of the Department of Ecology, and that the information not be disclosed to the public. By selecting this option you are also certifying that your circumstances are the same, for all relevant purposes, to those described in this [request for confidential treatment](#). And that release of the identity of your suppliers to the public or to a competitor may affect adversely your competitive position.

Note: If your circumstances differ in any material way from those described in the request referenced above, but you still wish to request confidential treatment of this information, you will need to submit your own written request for the Director's consideration, and in your request you must certify that one or more of the grounds for confidential treatment of information set out in [RCW 43.21A.160](#) applies to the designated information. If the Director determines that confidential treatment of the designated information would not be detrimental to the public interest and is otherwise in accord with applicable statutory policies, the Director may grant your request. If we have not received your written request within 30 days of the date you submit your data to the Department, we may release your information to the public without providing you prior notice.
