# An Introduction to Hanford's Radioactive Solid Waste Burial Grounds

## *Meeting Objectives*

- ❖ Provide the opportunity for participants to gain a strong foundation of knowledge about Hanford's radioactive solid waste burial grounds through presentations, visual displays and discussions that focus on the physical setting; operational history and burial information; characterization results and environmental monitoring; and public involvement and regulatory decision process.
- ❖ Provide a forum for the Tri-Party Agencies (TPA) to gain insight on stakeholder interests surrounding the 200-SW-2 Operable Unit through informal feedback and discussions, for TPA consideration during revision of the 200-SW-2 Remedial Investigation/Feasibility Study Work Plan in 2011.
