**STANDARD TERMS AND CONDITIONS  
HANFORD SITE AIR OPERATING PERMIT  
PERMIT NUMBER 00-05-006  
RENEWAL 2, REVISION A**

In the matter of the compliance by the	)	00-05-006 Renewal 2, Rev. B
U.S. Department of Energy – Hanford Operations,	)	Original Issue Date: 4/1/2013
with Section 70.94.161 RCW, Operating Permits for	)	Revision B Issue Date: 7/28/2016
Air Contaminant Sources, and the applicable rules and	)	Effective Date: 8/01/2016
regulations of the Departments of Ecology and Health.	)	Expiration Date: 3/31/2018

6

7 This AIR OPERATING PERMIT is issued under the authority and provisions of the Federal  
8 Clean Air Act, (42 U.S.C. 7401, et. seq.) and the Washington Clean Air Act, Chapter 70.94,  
9 Revised Code of Washington and the Operating Permit Regulation, Chapter 173-401  
10 Washington Administrative Code.

11 The U.S. Department of Energy (DOE), the permittee, at the Hanford Site is required to comply  
12 with provisions within this air operating permit, including all standard terms and general  
13 conditions and provisions contained in all the Attachments, identified below.

14 Attachments 1, 2, and 3 are integral and enforceable provisions of this permit.

15 Attachment 1 contains the State of Washington Department of Ecology (Ecology) permit  
16 terms and conditions.

17 Attachment 2 contains the State of Washington Department of Health (Health) Radioactive  
18 Air Emissions License (FF-01) as permit terms and conditions.

19 Attachment 3 contains the Benton Clean Air Agency (BCAA) permit terms and conditions  
20 applicable to the regulations of open burning and asbestos.

21 The regulatory agency relationships are described in the Statement of Basis (Statement). The  
22 Statement is issued by the permitting agencies as a separate supporting reference document to  
23 this air operating permit. The Statement contains non-enforceable legal and factual basis for  
24 permit conditions. The Statement also includes references to the applicable statutory or  
25 regulatory provisions, technical supporting information on specific emission units, and  
26 clarifications of specific requirements. [WAC 173-401-700(8)]

27 The Hanford Site and facilities are managed by two DOE Office of Environmental Management  
28 offices in Richland, Washington. The Office of River Protection (DOE-ORP) oversees the  
29 Hanford Site’s tank waste remediation system at the 200 Area. The Richland Operation Office  
30 (DOE-RL) is responsible for the Hanford Site’s environmental cleanup activities and the site-  
31 wide infrastructure support. The Pacific Northwest Site Office (DOE-PNSO) of the DOE Office  
32 of Science offices, located in Richland, provide programmatic oversight of some Hanford Site  
33 facilities utilized by the Pacific Northwest National Laboratory (PNNL). These PNNL-operated  
34 facilities are in the Hanford 300 area. DOE-RL is the owner and steward of these facilities. This  
35 joint DOE-RL/DOE-PNSO oversight is conducted in accordance with an Operational Agreement  
36 between DOE-RL and DOE-PNSO. The official permittee addresses are listed below:

1

Department of Energy-RL  
P.O. Box 550  
825 Jadwin Ave.  
Richland, WA 99352

Department of Energy-ORP  
P.O. Box 450  
2440 Stevens Ave.  
Richland, WA 99352

2

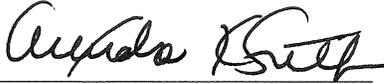

3 The Hanford Air Operating Permit (AOP), hereinafter referred to as 'permit', was initially issued  
4 in 2001, and shall be renewed toward the end of each five-year term. The permit renewal of  
5 2013 is issued for a fixed term of 5 years from April 1, 2013 to March 31, 2018. Before the  
6 expiration date of March 31, 2018, the permittee shall apply for another five-year renewal  
7 according to WAC 173-401-500 and WAC 173-401-710 requirements. Ecology will notify the  
8 permittee at least 18 months in advance of the expiration date by sending an application for  
9 renewal which details the necessary data required to have a complete application submitted at  
10 least 6 months prior to the expiration date.

----	--	----

18 **ATTACHMENTS**

19 **ATTACHMENT 1**

**Ecology Permit**

- 20 1. Emission Standards and Limitations
- 21 2. Compliance and Periodic Monitoring Provisions
- 22 3. Recordkeeping

23 **ATTACHMENT 2**

**Health License**

- 24 1. 40CFR61 Subpart A
- 25 2. 40CFR61 Subpart H
- 26 3. WAC 246-247
- 27 4. Quality Assurance Requirements for PCM Using Stack Sampling
- 28 5. Method for Monitoring and Reporting of Diffuse and Fugitive Sources and Emissions

29 **ATTACHMENT 3**

**Benton Clean Air Agency Permit**

1    **1.0           LIST OF ABBREVIATIONS**

2	ALARACT	as low as reasonably achievable control technology
3	AOP	Air Operating Permit
4	BACT	best available control technology
5	BCAA	Benton Clean Air Agency
6	CAA	Clean Air Act
7	CERCLA	<i>Comprehensive Environmental Response, Compensation and Liability Act of 1980</i>
8	CFR	Code of Federal Regulations
9	DOE-ORP	U.S. Department of Energy, Office of River Protection
10	DOE-PNSO	U.S. Department of Energy, Pacific Northwest Site Office
11	DOE-RL	U.S. Department of Energy, Richland Operations Office
12	DST	Double-shell tanks
13	Ecology	State of Washington, Department of Ecology
14	EFSEC	Energy Facility Site Evaluation Council
15	EPA	U.S. Environmental Protection Agency
16	FCAA	Federal Clean Air Act
17	GHG	Greenhouse gasses
18	Health	State of Washington, Department of Health (also referred to as DOH)
19	HEPA	high-efficiency particulate air (filter)
20	IEU	Insignificant emission unit
21	MEI	Maximally exposed individual
22	MOA	Memorandum of agreement
23	MOU	Memorandum of understanding
24	NAAQS	National Ambient Air Quality Standards
25	NESHAP	National Emission Standard for Hazardous Air Pollutants
26	NOC	Notice of construction
27	NRC	Nuclear Regulatory Commission
28	NSR	New source review
29	PCHB	Pollution Control Hearings Board
30	PM-10 or PM <sub>10</sub>	Particulate matter less than or equal to 10 microns in size
31	PNNL	Pacific Northwest National Laboratory
32	PSD	Prevention of significant deterioration
33	PTRAEU	Portable/temporary radioactive air emission unit
34	R&D	Research and development
35	RACT	Reasonably available control technology
36	RCHC	Richland Central Area
37	RCHN	Richland North Complex
38	RCW	Revised Code of Washington

1	Statement	Statement of Basis
2	TAPs	Toxic air pollutants
3	TSD	Treatment, storage and/or disposal
4	VOC	Volatile organic compound
5	WAC	Washington Administrative Code
6		

1    **2.0           GENERAL HANFORD SITE INFORMATION**

2    The Hanford Site was acquired by the federal government in 1943 and for many years was  
3    dedicated primarily to the production of plutonium for national defense and the management of  
4    the resulting waste. With the shutdown of the production facilities in the 1970s and 1980s,  
5    missions were redirected to decommission and site cleanup, and diversified to include research  
6    and development in the areas of energy, waste management, and environmental restoration.  
7    Decommissioned facilities or emission units are those that cannot be operated as is, and are not  
8    planned to operate again. In the extremely unlikely event that a decommissioned facility or  
9    emission unit is reactivated, an applicable requirements assessment must be completed first.

10   The Hanford Site, located in south central Washington State, occupies about 1,450 square  
11   kilometers (approximately 560 square miles) of semi-arid shrub and grasslands just north of the  
12   confluence of the Snake and Yakima Rivers with the Columbia River. This land, with restricted  
13   public access, provides a buffer for the smaller areas historically used for the production of  
14   nuclear materials, waste storage, and waste disposal. The Hanford site is divided into the  
15   following five operational areas:

- 16       • 100 Area, including 100-B/C, 100-D, 100-DR, 100-F, 100-H, 100-K, and 100-N Areas,  
17        which lie along the south shore of the Columbia River in the northern portion.
- 18       • 200 Area, including 200 East and 200 West Areas, which lie in the center near the basalt  
19        outcrops of Gable Mountain and Gable Butte.
- 20       • 300 Area, near the southern border of the Hanford Site.
- 21       • 400 Area, between the 300 and 200 Areas.
- 22       • 600 Area, land not within the defined boundaries of the other operational areas.

23   Other areas and facilities that support Hanford Site activities can be found in the nearest cities  
24   (i.e., Richland, Kennewick, and Pasco). The facilities in these areas are not considered part of  
25   the Hanford Site major source because these areas are not considered contiguous or adjacent to  
26   the Hanford Site. These areas include, but are not limited to, the following facilities:

- 27       • 700 Area in Richland, i.e., 825 and 712 Buildings.
- 28       • Richland Central (RCHC) Area, i.e., Butler Loop facilities and the Hanford Technical  
29        Training Center.
- 30       • 1100 Area, Stevens Center, Evergreen Facilities, Cold Test Facility, various PNNL-  
31        operated facilities (as specified herein), Benton County Sheriff’s Facilities including  
32        firing range and training

33   The Hanford site is considered a “major source” of air pollutant emitting activities. A partial list  
34   of North American Industry Classification System (NAICS) categories include:

- 35   541710        Research and Development in the Engineering and Life Sciences
- 36   562210        Waste Treatment and Disposal
- 37   562910        Remediation Services
- 38   924110        Administration of Air and Water Resource and Solid Waste Management Program
- 39   999999        Unclassified Establishments.

40   This permit specifically excludes facilities that do not meet the criteria for inclusion in a major  
41   source subject to the Air Operating Permit Regulation (i.e., WAC 173-401-200(19)); the

1 exclusion criteria are described in the Statement of Basis. Examples of facilities excluded at the  
2 time of permit renewal in 2013 are the following:

- 3 • PermaFix Northwest (PFNW) Richland
- 4 • Unitech Services, Inc. (dba Unifirst) laundry
- 5 • Pacific Northwest National Laboratory operated by Battelle Memorial
- 6 • Energy Northwest Applied Process Engineering Laboratory
- 7 • Laser Interferometer Gravitational-Wave Observatory
- 8 • all Energy Northwest facilities not determined to be a support facility
- 9 • all Port of Benton facilities not determined to be a support facility
- 10 • US Ecology, Inc. commercial low-level radioactive waste burial site
- 11 • Kaiser Aluminum and Chemical Corporation extrusion press located in an 1100 Area  
12 Building
- 13 • AREVA NP
- 14 • Tri-City and Olympia Railroad, located in an 1100 Area Building
- 15 • PN Services
- 16 • Oasis Physical Therapy located at the Stevens Center
- 17 • Montessori School located at the Stevens Center
- 18 • Corporate Health Facility located at the Stevens Center
- 19 • Bulk Vitrification Testing Facility located across from Hammer in Richland.

20

### 21 **3.0 EMISSION UNITS IDENTIFICATION**

22 Emission units subject to this permit are identified in Attachments 1 through 3.

23

### 24 **4.0 PERMIT PROVISOS**

#### 25 **4.1 Permit Shield**

26 **4.1.1** Compliance with the conditions of this permit shall be deemed compliance with  
27 those applicable requirements that are specifically included in and identified in  
28 the permit as of the date of permit issuance. [WAC 173-401-640(1)]

29 **4.1.2** The permit shield shall not apply to any insignificant emissions unit or activity  
30 designated under WAC 173-401-530. [WAC 173-401-530(3)]

#### 31 **4.2 Severability**

32 If any provision of this permit is held to be invalid, all unaffected provisions of the permit shall  
33 remain in effect and be enforceable. [WAC 173-401-620(2)(h); RCW 70.94.905 (State Only)]

#### 34 **4.3 Property Rights**

35 This permit does not convey any property rights of any sort, or any exclusive privilege. [WAC  
36 173-401-620(2)(d)]

1     **4.4           Transfer of Ownership or Operation**

2     A change of ownership or operational control of this source shall be treated as an administrative  
3     permit amendment if no other changes in this permit are necessary and provided that a written  
4     agreement containing a specific date for transfer of permit responsibility, coverage, and liability  
5     between the current and new permittee has been submitted to Ecology, Health, and BCAA. DOE  
6     is considered the owner and operator of Hanford and contract changes to contractors to DOE are  
7     not considered changes in ownership or operational control. [WAC 173-401-720(1)(d)]

8     **4.5           Emissions Trading**

9     No permit revision shall be required under any approved economic incentives, marketable  
10    permits, emissions trading, and other similar programs or processes for changes that are provided  
11    in this permit. [WAC 173-401-620(2)(g)]

12    **4.6           Enforceability**

13    All terms and conditions are enforceable by the U.S. Environmental Protection Agency (EPA)  
14    and United States citizens unless specifically designated as not federally enforceable or listed as  
15    an inapplicable requirement in Table 5.1 [WAC 173-401-625]. Any paraphrasing of regulations  
16    or other applicable requirements is for the convenience of the reader. The underlying applicable  
17    requirement is the enforceable requirement.

18    **4.7           General Obligation – Exclusions**

19    Nothing in this permit shall alter or affect the following

- 20       a. The provisions of Section 303 of the FCAA (emergency orders), including the authority  
21       of the administrator under that section;
- 22       b. The liability of an owner or operator of a source for any violation of applicable  
23       requirements prior to or at the time of permit issuance;
- 24       c. The applicable requirements of the acid rain program, consistent with Section 408(a) of  
25       the FCAA;
- 26       d. The ability of EPA to obtain information from a source pursuant to Section 114 of the  
27       FCAA; or
- 28       e. The ability of Ecology to establish or revise requirements for the use of RACT as  
29       provided in Chapter 252, Laws of 1993.

30    [WAC 173-401-640(4)]

31    **4.8           Reasonably Available Control Technology**

32    Emission standards and other requirements contained in rules or regulatory orders in effect at the  
33    time of operating permit issuance or renewal shall be considered RACT for purpose of permit  
34    issuance or renewal. This does not preclude RACT determinations under Section 8, Chapter 252,  
35    Laws of 1993, which shall be incorporated into an operating permit as provided in WAC 173-  
36    401-730. [WAC 173-401-605(3) and RCW 70.94.154, 2011 (State Only)]

37    **4.9           Need to Halt or Reduce Activity Not a Defense**

38    It shall not be a defense for a permittee in an enforcement action that it would have been  
39    necessary to halt or reduce the permitted activity in order to maintain compliance with the  
40    conditions of this permit. [WAC 173-401-620(2)(b)]

1 **4.10 Permit Actions**

2 This permit may be modified, revoked, reopened, reissued, or terminated for cause. The filing of  
3 a request by the permittee for a permit modification, revocation and reissuance, termination, or  
4 of a notification of planned changes or anticipated noncompliance does not stay any permit  
5 condition. [WAC173-401-620(2)(c)]

6 **4.11 Permit Continuance**

7 This permit and all terms and conditions contained therein, including any permit shield provided  
8 under WAC 173-401-640, shall not expire until renewal permit has been issued or denied if a  
9 timely and complete application has been submitted. An application shield granted pursuant to  
10 WAC 173-401-705(2) shall remain in effect until the renewal permit has been issued or denied if  
11 a timely and complete application has been submitted. [WAC 173-401-620(2)(j)]

12 **4.12 Permit Appeals**

13 The permittee has the right to appeal this permit or any condition in the permit, including the  
14 attachments or any conditions in the attachments to the Pollution Control Hearings Board  
15 (PCHB) within 30 days of the date of receipt of this permit. The appeal process is governed by  
16 Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in  
17 RCW 43.21B.001(2).

18 To appeal, the permittee must do the following within 30 days of the date of receipt of this  
19 permit:

- 20 • File the appeal and a copy of this Order with the PCHB (see addresses below). Filing  
21 means actual receipt by the PCHB during regular business hours.
- 22 • Serve a copy of the appeal and this Order on Ecology - in paper form - by mail or in  
23 person (See addresses below). E-mail is not accepted.

24 The permittee must also comply with other applicable requirements in Chapter 43.21B RCW and  
25 Chapter 371-08 WAC.

26 Address and Location Information:

**Street Addresses**

Department of Ecology  
Attn: Appeals Processing Desk  
300 Desmond Drive SE  
Lacey, WA 98503

Pollution Control Hearings Board  
1111 Israel RD SW  
STE 301  
Tumwater, WA 98501

Olympia, WA 98504-0903

27 This provision for appeal in this section is separate from and additional to any federal rights to  
28 petition and review under Section 505(b) of the FCAA. [WAC 173-401-620(2)(i), RCW  
29 70.94.221 (State only)]

30

1     **5.0           PERMIT ADMINISTRATION**

2     **5.1           Duty to Comply**

3     The permittee must comply with all conditions of this WAC 173-401 permit. Any permit  
4     noncompliance constitutes a violation of Chapter 70.94 RCW and, for federally enforceable  
5     provisions, a violation of the FCAA. Such violations are grounds for enforcement action; for  
6     permit termination, revocation and reissuance, or modification; or for denial of a permit renewal  
7     application. [WAC 173-401-620(2)(a)]

8     **5.2           Inspection and Entry**

9     On presentation of appropriate credentials and equipped with appropriate personal protective  
10    equipment, the permittee shall allow Ecology, Health, BCAA, and US EPA to perform the  
11    following:

- 12       a. Enter upon the permittee’s premises where a Chapter 401 source is located or emissions  
13       related activity is conducted, or where records must be kept under the conditions of this  
14       permit.
- 15       b. Have access to and copy, at reasonable times, any records that must be kept under the  
16       conditions of this permit.
- 17       c. Inspect, at reasonable times, any facilities, equipment (including monitoring and air  
18       pollution control equipment), practices, or operations regulated or required under this  
19       permit. Health may require a demonstration of as low as reasonably achievable control  
20       technology (ALARACT) at any time. Where controlled access areas will be entered,  
21       Ecology, Health, or BCAA shall provide a reasonable advance notice and enter in the  
22       presence of a facility representative.
- 23       d. As authorized by WAC 173-400-105 and the FCAA, sample or monitor, at reasonable  
24       times, substances or parameters for the purpose of assuring compliance with the permit.  
25       [WAC 173-401-630(2); RCW 70.94.200 (State only)]

26    **5.2.1**       Ecology may require the permittee to conduct stack and/or ambient air monitoring  
27    and report the results to Ecology. [WAC 173-400-105(2)]

28    **5.2.2**       Ecology may conduct or require that a test be conducted using approved EPA  
29    methods from 40 CFR Parts 51, 60, 61 and 63 or approved procedures contained  
30    in “Source Test Manual - Procedures for Compliance Testing,” Ecology, 7/12/90.  
31    The permittee may be required to provide platform and sampling ports. Ecology  
32    shall be allowed to obtain a sample from any emissions unit. The permittee shall  
33    be given the opportunity to observe the sampling and to obtain a sample at the  
34    same time. [WAC 173-400-105(4)]

35    **5.2.3**       The permittee shall respond in writing in a timely manner, or within a time limit  
36    set by Health per WAC 246-247-080(11) (State only), to inspection results that  
37    require a facility to implement corrective actions or any other actions so directed  
38    by Health.

39    **5.2.4**       Nothing in this condition shall limit the ability of EPA to inspect or enter the  
40    premises of the permittee under Section 114 or other provisions of the FCAA.

1 **5.2.5** No person shall obstruct, hamper, or interfere with any such authorized  
2 representative while in the process of carrying out their official duties. In the  
3 event the hazards associated with accessibility to a unit require training and/or  
4 restrictions or requirements for entry, the permittee shall inform Ecology, Health,  
5 or BCAA before arrival of those restrictions or requirements. The permittee shall  
6 be responsible for providing the necessary training, escorts, and support services  
7 to allow Ecology, Health, or BCAA to inspect. [WAC 173-401-630(2);  
8 WAC 246-247-080(1); WAC 246-247-080(9); and RCW 70.94.200]

9 **5.3 Permit Fees**

10 The permittee shall pay fees as a condition of this permit in accordance with Ecology's fee  
11 schedule. Failure to pay fees in a timely fashion shall subject the permittee to civil and criminal  
12 penalties as described in Chapter 70.94 RCW. Ecology may revoke this permit if the permit fees  
13 are not paid [WAC 173-401-620(2)(f); RCW 70.94.162(1); and WAC 173-401-930(3)]

14 Per WAC 246-247-065 [Fees], fees for all non-AOP airborne emissions of radioactive materials  
15 shall be submitted in accordance with WAC 246-254-160. The permittee shall pay costs  
16 associated with direct staff time of the air emissions program in accordance with  
17 WAC 246-254-120 (1)(e). In any case where the permittee fails to pay a prescribed fee or actual  
18 costs incurred during a calendar quarter, Health (1) shall not process an application and (2) may  
19 suspend or revoke any license or approval involved; or (3) may issue any order with respect to  
20 licensed activities as Health determines appropriate or necessary to carry out the provisions of  
21 WAC 246-254-170. [WAC 246-247-065 (State only); WAC 246-254-120 (1)(e) (State only);  
22 and WAC 246-254-170 (State only)]

23 **5.4 Duty to Provide Information**

24 The permittee shall furnish to Ecology, Health, or BCAA, within a reasonable time, any  
25 information that Ecology, Health, or BCAA may request in writing to determine whether cause  
26 exists for modifying, revoking and reissuing, or terminating the permit or to determine  
27 compliance with the permit. On request, the permittee also shall furnish to Ecology, Health, or  
28 BCAA copies of records required to be kept by the permit or, for information claimed to be  
29 confidential, the permittee may furnish such records directly to the administrator along with a  
30 claim of confidentiality. Ecology, Health, or BCAA shall maintain confidentiality of such  
31 information in accordance with RCW 70.94.205. [WAC 173-401-620(2)(e)]

32 [Note: The permittee shall afford access to requested copies of records containing classified  
33 information provided the Ecology, Health or BCAA representatives reviewing the documents  
34 possess (1) the appropriate access authorizations (security clearances) for the level and category  
35 of information involved, (2) all required formal access approval(s), and (3) a legitimate need-to-  
36 know. WAC 246-247-080(10) (State only)]

37 **5.5 Submittals**

38 **5.5.1** Reports, test data, monitoring data, notifications, and compliance certifications  
39 regarding nonradioactive air emissions, except asbestos and open burning, shall  
40 be submitted as specified in Attachment 1 to:  
41

- 1                   **Program Manager**  
2                   Nuclear Waste Program  
3                   State of Washington  
4                   Department of Ecology  
5                   3100 Port of Benton Blvd  
6                   Richland, WA 99354  
7  
8                   or other address as directed by Ecology.
- 8   **5.5.2**        Reports, test data, monitoring data, notifications, and compliance certifications  
9                   regarding radioactive air emissions shall be submitted as specified in Attachment  
10                  2 to:
- 11                  **Manager**  
12                  State of Washington Department of Health  
13                  The Division of Environmental Health  
14                  The Office of Radiation Protection  
15                  Radioactive Air Emissions Section  
16                  309 Bradley Blvd, Suite 201  
17                  Richland, WA 99352  
18  
19                 or other address as directed by Health.
- 19   **5.5.3**        Reports, test data, monitoring data, notifications, and compliance certifications  
20                   required to be sent to the EPA shall be submitted to:
- 21                  **ATTN:** Air Permits Office AWT-07  
22                  U.S. EPA Region 10 Administrator  
23                  1200 Sixth Avenue, Suite 900  
24                  Seattle, WA 98101-3140  
25  
26                 or other address as directed by the EPA.
- 26   **5.5.4**        Reports, notifications, and compliance certifications regarding regulated asbestos  
27                   and open burning activities shall be submitted as specified in Attachment 3 to:
- 28                  Control Officer  
29                  Benton Clean Air Agency  
30                  526 South Clodfelter Road  
31                  Kennewick, WA 99336  
32  
33                 or other address as directed by the BCAA.
- 33   **5.5.5**        Any application form, report, or compliance certification submitted to Ecology,  
34                   Health, BCAA, or EPA pursuant to this permit shall contain certification by a  
35                   responsible official of truth, accuracy, and completeness. All certifications shall  
36                   state that based on information and belief formed after reasonable inquiry, the  
37                   statements and information in the document are true, accurate, and complete.  
38                   [WAC 173-401-520 and WAC 173-401-615]
- 39   **5.5.6**        No person shall make any false material statement, representation or certification  
40                   in any form, notice or report required under chapter 70.94 or 70.120 RCW, or any

1 ordinance, resolution, regulation, permit or order in force pursuant thereto.  
2 [WAC 173-400-105(7)]

3 **5.5.7** No person shall render inaccurate any monitoring device or method required  
4 under chapter 70.94 or 70.120 RCW, or any ordinance, resolution, regulation,  
5 permit, or order in force pursuant thereto. [WAC 173-400-105(8)]

6 **5.6 Semiannual Reporting**

7 **5.6.1** Semiannual reports shall be submitted by September 15<sup>th</sup> and by March 15<sup>th</sup>.  
8 Reports for January 1 through June 30 and July 1 through December 31, shall be  
9 due September 15<sup>th</sup> and March 15<sup>th</sup>, respectively. All instances of deviations from  
10 permit requirements must be clearly identified in such reports. All required  
11 reports must be certified by a responsible official consistent with  
12 WAC 173-401-520. [WAC 173-401-615(3)(a)]

13 **5.6.2** Each semiannual report shall contain the following information for the applicable  
14 reporting period.

- 15 a. Reference to reports submitted to the regulatory agencies as required by  
16 section 5.16.
- 17 b. Reports of any required monitoring not previously submitted or reference  
18 to reports of required monitoring that were submitted previously during  
19 the reporting period.
- 20 c. A summary of any substantiated air emission complaint investigation(s)  
21 required in Section 1.4 of Attachment 1 and issued during the reporting  
22 period.
- 23 d. For all minor radioactive emission units (potential to emit <0.1 mrem to  
24 the maximally exposed individual (MEI) listed in Attachment 2), a general  
25 statement confirming that any required monitoring was conducted to  
26 verify low emissions during the reporting period for those emission units  
27 with specific periodic monitoring required during that period. For all  
28 emission units with continuous monitoring, a general statement will be  
29 provided stating that required monitoring operated continuously.
- 30 e. Emission unit(s) that operated for any part of the calendar year, and were  
31 not closed per WAC 246-247-080(6) (reference to FF-01 Attachment 2),  
32 will have monitoring data reported in the annual NESHAP report (Section  
33 5.11). Diffuse and Fugitive minor emission units listed in Attachment 2  
34 are not required to be reported on except annually as a composite portion  
35 of the annual NESHAP report.
- 36 f. List any new regulatory orders, (e.g., Notice of Construction) imposed  
37 during the reporting period by Ecology or Health.  
38 [WAC 173-401-615(3)(a)]

39 **5.6.3** Submittal of the information required in Section 5.11 Annual NESHAPs Report  
40 will meet the semiannual reporting requirements of diffuse and fugitive sources in  
41 Table 2.1 and point source emission unit specific information (i.e.; height,  
42 diameter, velocity, temperature, and operational status) of the FF-01 License.

1 **5.7 Recordkeeping**

2 **5.7.1** Permittee shall keep records of required monitoring information that includes,  
3 where applicable, the following:

- 4 a. The date, place, and time of sampling or measurements.
- 5 b. The date(s) analyses were performed.
- 6 c. The company or entity that performed the analyses.
- 7 d. The analytical techniques or methods used.
- 8 e. The results of such analyses.
- 9 f. The operating conditions as existing at the time of sampling or  
10 measurement.

11 [WAC 173-401-615(2)(a)]

12 **5.7.2** Permittee shall keep records describing changes made at the source that result in  
13 emissions of a regulated air pollutant subject to an applicable requirement, but not  
14 otherwise regulated under the permit, and the emissions resulting from those  
15 changes. [WAC 173-401-615(2)(b)]

16 Permittee shall retain records of all required monitoring data and support  
17 information for a period of at least five (5) years from the date of the monitoring  
18 sample, measurement, report, or application. Support information includes all  
19 calibration and maintenance records and all original strip-chart recordings from  
20 continuous monitoring instrumentation, and copies of all reports required by this  
21 permit. [WAC 173-401-615(2)(c)]

22 **5.8 Monitoring and Recordkeeping for Emission Units without**  
23 **Continuous Operation**

24 **5.8.1** Emission Units with Nonradioactive Air Emissions Conditions

25 The permittee is not required to conduct the monitoring and associated  
26 recordkeeping for any emission unit if the emission unit did not operate at any  
27 time between required monitoring events (e.g., if the monitoring requires  
28 recording pressure drop daily, such readings would not be required on any full  
29 day in which the emission unit did not operate), provided the following conditions  
30 are met.

31 **5.8.1.1** Permanent shutdown of the emission unit:

- 32 a. The permittee makes a contemporaneous record in a log or file maintained  
33 on site of the date and time that the emission unit ceased operation.
- 34 b. The permittee shall provide written notice to Ecology within a reasonable  
35 time.

36 **5.8.1.2** Temporary shutdown of the emission unit:

- 37 a. The permittee makes a contemporaneous record in a log or file maintained  
38 on site of the date and time that the emission unit ceased operation and the  
39 reason why the emission unit did not operate.

- 1           b.       The permittee makes a contemporaneous record in a log or file maintained  
2                   on site of the date and time that the emission unit resumed operation.  
3           c.       The periodic report of monitoring required by Section 5.6 and/or the  
4                   specific permit condition includes a summary of the period or periods  
5                   when the emission unit did not operate.

6   **5.8.2**       Emission Units with Radioactive Air Emission Conditions

7           The permittee is not required to conduct the monitoring and associated  
8           recordkeeping for any emission unit if the emission unit did not operate at any  
9           time between required monitoring events (e.g., if the monitoring requires  
10           continuous sampling, such readings would not be required on any full day in  
11           which the emission unit did not operate), provided the following conditions are  
12           met.

13          Note: These conditions do not apply to temporary radioactive emissions units  
14          [e.g., high-efficiency particulate air (HEPA) vacuums or portable/temporary  
15          radioactive air emission units (PTRAEUs), etc.].

16   **5.8.2.1**     Permanent shut down of an emission unit

17   **5.8.2.1.1**   The permittee shall complete the monitoring and associated recordkeeping for the  
18                   period before the shutdown.

19   **5.8.2.1.2**   The facility shall file a report of closure with Health whenever operations  
20                   producing emissions of radioactive material permanently are ceased at any  
21                   emission unit (except temporary emission units) regulated under WAC 246-247.  
22                   The closure report shall indicate whether, despite cessation of operations, there is  
23                   still a potential for radioactive air emissions and a need for an active or passive  
24                   ventilation system with emission control and/or monitoring devices. If  
25                   decommissioning is planned and will constitute a modification, a NOC shall be  
26                   required, as applicable, in accordance with WAC 246-247-080(6).

27   **5.9**           **Annual Air Emission Inventory**

28   The permittee shall upon notification by the director of Ecology, maintain records on the type  
29   and quantity of emissions from the source and other information deemed necessary to determine  
30   whether the source is in compliance with applicable emission limitations and control measures.  
31   The annual emission inventory shall be submitted to Ecology on forms provided by Ecology.  
32   When submittal of emission inventory information for criteria pollutants is requested by  
33   Ecology, the emissions inventory shall be submitted no later than 105 days after the end of the  
34   calendar year. The annual air emissions inventory report will minimally contain information on  
35   air emissions:

- 36       a.       For emission unit composites, as requested and listed in the permit Attachment 1,  
37                   *Section 1.4* and,  
38       b.       For other emission units as directed by Ecology on forms provided to the permittee.  
39                   [WAC 173-400-105]

1 **5.10 Annual Compliance Certification**

2 **5.10.1** Annual compliance certification will be certified consistent with WAC 173-401-  
3 520 requirements, and submitted by July 31 for the previous calendar year. The  
4 report is to be certified for truth, accuracy, and completeness by a Responsible  
5 Official [WAC 173-401-200(29)]. The compliance certification will consist of  
6 the following:

- 7 a. Each emission unit-specific term or condition listed in Attachments 1, 2,  
8 and 3, pursuant to the source's or emission unit's operational portion of the  
9 calendar year. Source(s) or emission unit(s) closed per request letter  
10 (Ecology) or pursuant to WAC 246-247-080(6) (DOH), prior to January 1  
11 of the reporting period will not be included in the calendar year  
12 certification report.
- 13 b. The compliance status
- 14 c. Whether compliance was continuous, intermittent, or not applicable
- 15 d. The method(s) used to determine the compliance status of the source over  
16 the reporting period consistent with WAC 173-401-615(3)(a)
- 17 e. Such other facts as Ecology, Health, or BCAA may require in order to  
18 determine the compliance status of the source

19 **5.10.2** All compliance certifications shall be submitted to Ecology, Health, or BCAA  
20 with a copy to EPA at the address shown in Section 5.5 by July 31 of the  
21 following calendar year.

22 **5.10.3** Submittal of the information required in Section 5.11 Annual NESHAPs Report  
23 will meet the annual compliance certification requirements of diffuse and fugitive  
24 sources in Table 2.1 of Attachment 1 and point source emission unit specific  
25 information (i.e.; height, diameter, velocity, temperature, and operational status)  
26 of the FF-01 License.

27 [WAC 173-401-520, WAC 173-401-630, and WAC 246-247]

28 **5.11 Annual NESHAPs Reporting**

29 Submit an annual NESHAPs report that shall consist of the annual Radionuclide Air Emissions  
30 Report for the Hanford Site required by 40 CFR 61.94

31 **5.11.1** Compliance with this standard shall be determined by calculating the highest  
32 effective dose equivalent to any member of the public at any offsite point where  
33 there is a residence, school, business, or office. The owners or operators of each  
34 facility shall submit an annual report to both EPA headquarters and the  
35 appropriate regional office by June 30 which includes the results of the  
36 monitoring as recorded in DOE's Effluent Information System and the dose  
37 calculations required by 40 CFR 61.93(a) for the previous calendar year.

38 **5.11.2** The annual report shall include:

- 39 a. Name and location of the facility
- 40 b. List of the radioactive materials used at the facility

- 1 c. Descriptions of the handling and processing that the radioactive materials
- 2 undergo at the facility
- 3 d. List of the stacks or vents or other points where radioactive materials are
- 4 released to the atmosphere.
- 5 e. Description of the effluent controls used on each stack, vent, or other
- 6 release point and an estimate of the efficiency of each device.
- 7 f. Distances from the point(s) of release to the nearest residence, school,
- 8 business or office and the nearest farms producing vegetables, milk, and
- 9 meat.
- 10 g. Values for all other user supplied input parameters for computer models
- 11 (e.g., meteorological data) and sources of these data.
- 12 h. Brief description of all construction and modifications completed in the
- 13 calendar year for which the report is prepared, but for which the
- 14 requirement to apply for approval to construct or modify was waived
- 15 under 40 CFR 61.96 and associated documentation developed by DOE to
- 16 support the waiver. EPA reserves the right to require that DOE send to
- 17 EPA all the information that normally would be required in an application
- 18 to construct or modify, following receipt of the description and supporting
- 19 documentation.

20 **5.11.3** The annual report shall also include:

- 21 a. Results of emission measurements for those emission units subject only to
- 22 periodic confirmatory measurements
- 23 b. Wind rose or joint frequency table
- 24 c. Annual average ambient temperature
- 25 d. Annual average emission unit gas temperature, if available
- 26 e. Annual total rainfall
- 27 f. Annual average emission unit flow rate and total volume of air released
- 28 during the calendar year
- 29 g. If additional information is available in another annual report, the
- 30 permittee may provide a copy of that report along with the listed
- 31 information requirements. [WAC 246-247-080(3)(State only)]

32 **5.11.4** Each report shall be signed and dated by a corporate officer or public official in  
33 charge of the facility and contain the following declaration immediately above the  
34 signature line: "I certify under penalty of law that I have personally examined  
35 and am familiar with the information submitted herein and based on my inquiry of  
36 those individuals immediately responsible for obtaining the information, I believe  
37 that the submitted information is true, accurate and complete. I am aware that  
38 there are significant penalties for submitting false information including the  
39 possibility of fine and imprisonment. {18 U.S.C. 1001}." Note: The  
40 certification language (including the 18 U.S.C. 1001) comes directly from 40 CFR  
41 61.94(b)(9) and is an applicable requirement for the annual report. The report is  
42 to be submitted to both the Environmental Protection Agency as well as the  
43 Department of Health.

1 **5.12 Environmental Surveillance Program**

2 Under the requirements of WAC 246-247-075(9), Health may conduct an environmental  
3 surveillance program to ensure that radiation doses to the public from emission units are in  
4 compliance with applicable standards. Health may require the operator of an emission unit to  
5 conduct stack sampling, ambient air monitoring, or other testing as necessary to demonstrate  
6 compliance with the standards in 40 C.F.R. 61.92 and WAC 246-247-040.

7 **5.13 Emission Standards and Controls for Sources Emitting Gasoline**  
8 **Vapors**

9 Stage 1 requirements are applicable to 20 eastern Washington counties (including Benton  
10 County) with new gasoline dispensing facilities greater than 10,000 gallons storage capacity  
11 (Section 2.4 in Attachment 1). Total annual throughput records shall be maintained for the most  
12 recent 2- year period. [WAC 173-491]

13 **5.14 Accidental Release Prevention Requirements**

14 The Hanford Site is currently not subject to 40 CFR 68 (Chemical Accident Prevention  
15 Provisions).

16 **5.15 Approval Order Terms and Conditions that Become Irrelevant During**  
17 **Permit Term**

18 Nothing herein shall be construed to preclude the permittee from making changes consistent with  
19 Chapter 401 that would render existing permit compliance terms and conditions irrelevant.  
20 [(WAC 173-401-725(4)(a))]

21 **5.16 Permit Deviation Reporting**

22 The permittee shall report deviations from permit conditions, including those attributable to  
23 upset conditions as defined below, the probable cause of such deviations, and any corrective  
24 actions or preventative measures taken.

25 **5.16.1 Potential Threats to Human Health or Safety**

26 Deviations, which represent a potential threat to human health or safety, shall be  
27 reported promptly or as soon as possible. Promptly, as defined here, means as  
28 soon as possible following discovery<sup>1</sup>, but in no case later than 12 hours after  
29 discovery<sup>1</sup> of a potential threat to human health or safety. This notice shall  
30 contain a description of the emergency, any steps taken to mitigate emissions, and  
31 corrective actions taken. This notice fulfills the immediate reporting requirements  
32 of WAC 173-401-615(3)(b), WAC 173-400-107(3) and WAC 246-247-  
33 080(5)(State Only).

34 **5.16.2 Non-Health or Safety Related Deviations**

35 **5.16.2.1** Other deviations from permit requirements or excess emissions shall be reported  
36 within 30 days after the end of the month during which the deviation is discovered

---

<sup>1</sup> Qualitative determination that a potential threat to public health or safety exists or existed after an evaluation of pertinent information.

1 or as part of routine emission monitoring reports. [WAC 173-401-615(3)(b) and  
2 WAC 173-400-107(3)]

3 **5.16.2.2** Additional written reports may be required by either Ecology or Health, according  
4 to the requirements of WAC 173-400-107(3) or WAC 246-247-080(5)(State only)  
5 respectively.

6 **5.16.2.3** Notification must be given to Health within 24 hours (or during the course of the  
7 next normal business day) from the time of discovery of the condition or emission  
8 that would require notification pursuant to WAC 246-247-080(5)(State only).  
9 Such notification shall be required for other than normal operations when a  
10 potential or actual release of radionuclides to the air is due to any one or more of  
11 the following:

- 12 a. Non-routine bypass or failure of required abatement control technology  
13 identified in Attachment 2
- 14 b. Non-routine and/or unexpected operational changes resulting in increased  
15 emissions
- 16 c. An excess of the dose standard of 10 mrem/yr for the Hanford Site
- 17 d. Emission in excess of emission limits or conditions in a regulatory order  
18 (e.g., NOC, enforcement actions, or License)

19 **5.16.3 Excess Emissions Due to Emergency**

20 The permittee may seek to establish that noncompliance with a technology-  
21 based<sup>2</sup> emission limitation under this permit was due to an  
22 emergency<sup>3</sup>, in accordance with WAC 173-401-645. To do so, the permittee shall  
23 demonstrate the affirmative defense of emergency through properly signed,  
24 contemporaneous operating logs, or other relevant evidence that:

- 25 a. An emergency occurred and that the permittee can identify the cause(s) of  
26 the emergency;
- 27 b. The permitted source was at the time being properly operated;
- 28 c. During the period of the emergency the permittee did not allow the  
29 condition to persist and took all reasonable steps to minimize levels of  
30 emissions that exceeded the emissions standards, or other requirements in  
31 this permit;
- 32 d. The permittee submitted notice of the emergency to Ecology (non-  
33 radiological emissions) and Health (radiological emissions) within 24  
34 hours of the time when emission limitations were exceeded due to the

---

<sup>2</sup> Technology-based emission limits are those established on the basis of emission reductions achievable with various control measures or process changes (e.g., a new source performance standard) rather than those established to attain a health based air quality standard.

<sup>3</sup> An “emergency” means any situation arising from sudden and reasonably unforeseeable events beyond the control of this source, including acts of God, which situation requires immediate corrective action to restore normal operation, and that causes this source to exceed a technology-based emission limitation under this permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operator error.

1 emergency or within 12 hours when there is a threat to human health.  
2 This notice must contain a description of the emergency, any steps taken  
3 to mitigate emissions, and corrective actions taken

4 [WAC 173-400-107, WAC 173-401-615, WAC 173-401-645, and WAC 246-  
5 247-080(State only)]

6 **5.16.4 Unavoidable Excess Emissions**

7 **5.16.4.1** Excess emissions determined to be unavoidable under the procedures and criteria  
8 in WAC 173-400-107 shall be excused and not subject to penalty.

9 **5.16.4.2** The permittee shall have the burden of proving to Ecology that excess emissions  
10 were unavoidable.

11 **5.16.4.3** Excess emission due to startup or shutdown conditions shall be considered  
12 unavoidable provided the source reports as required under WAC 173-400-107(3)  
13 and adequately demonstrates that the excess emissions could not have been  
14 prevented through careful planning and design and if a bypass of control  
15 equipment occurs, that such bypass is necessary to prevent loss of life, personal  
16 injury, or severe property damage.

17 **5.16.4.4** Excess emission due to scheduled maintenance shall be considered unavoidable if  
18 the source reports as required under WAC 173-400-107(3) and adequately  
19 demonstrates that the excess emissions could not have been avoided through  
20 reasonable design, better scheduling for maintenance or through better operation  
21 and maintenance practices.

22 **5.16.4.5** Excess emissions due to upsets shall be considered unavoidable provided the  
23 source reports as required under WAC 173-400-107(3) and adequately  
24 demonstrates that:

- 25 a. The event was not caused by poor or inadequate design, operation,  
26 maintenance, or any other reasonably preventable condition;
- 27 b. The event was not of a recurring pattern indicative of inadequate design,  
28 operation, or maintenance; and
- 29 c. The operator took immediate and appropriate corrective action in a  
30 manner consistent with good air pollution control practice for minimizing  
31 emissions during the event, taking into account the total emissions impact  
32 of the corrective action, including slowing or shutting down the emission  
33 unit as necessary to minimize emissions, when the operator knew or  
34 should have known that an emission standard or permit condition was  
35 being exceeded.

36 **5.16.4.6** Excess emissions which represent a potential threat to human health or safety or  
37 which the owner or operator of the source believes to be unavoidable shall be  
38 reported to Ecology **as soon as possible**. Other excess emissions shall be  
39 reported within **thirty (30) days** after the end of the month during which the event  
40 occurred or as part of the routine emission monitoring reports. Upon request by  
41 Ecology, the permittee shall submit a full written report including the known

1 causes, the corrective actions taken, and the preventative measures to be taken to  
2 minimize or eliminate the chance of recurrence.

3 [WAC 173-400-107(3)(State only)]

#### 4 **5.17 Reporting of Greenhouse Gases**

5 Beginning with 2012 emissions, if the permittee emits 10,000 metric tons of GHGs or more per  
6 calendar year, as defined under WAC 173-441-020(1)(g), reporting of GHG to Ecology is  
7 mandatory. (Note: WAC 173-441-030(5) details reporting requirements for facilities which  
8 exceed the threshold in 2012 or later years, but subsequently have lower annual CO<sub>2</sub>e  
9 emissions).

10 The permittee is subject to the following program requirements if GHG emissions exceed 10,000  
11 metric tons of GHGs.

12 Permittee shall develop a written GHG monitoring plan in accordance with WAC 173-441-  
13 050(6)(e). The permittee shall revise the GHG monitoring plan as needed to reflect changes in  
14 processes, monitoring instrumentation, and quality assurance procedures; or to improve  
15 procedures for the maintenance and repair of monitoring systems to reduce the frequency of  
16 monitoring equipment downtime.

17 [WAC 173-441-050(6)(State only)]

18 Reports must meet the requirements of WAC 173-441-050, and include the annual emissions of  
19 the GHGs listed in WAC 173-441-040 from source categories listed in WAC 173-441-120. The  
20 annual GHG report shall be submitted electronically in accordance with the requirements of  
21 WAC 173-441-050 and 173-441-060 and in a format specified by Ecology.

22 All requests, notifications, and communications to Ecology pursuant to GHG emissions  
23 reporting, other than submittal of the annual GHG report, shall be submitted to the following  
24 address:

25 **Greenhouse Gas Report**  
26 Air Quality Program  
27 Department of Ecology  
28 P.O. Box 47600  
29 Olympia, WA 98504-7600

30 The permittee shall submit a revised annual GHG report within forty-five days of discovering  
31 that an annual GHG report that the permittee previously submitted contains one or more  
32 substantive errors. A substantive error is an error that impacts the quantity of GHG emissions  
33 reported or otherwise prevents the reported data from being validated or verified. The revised  
34 report must correct all substantive errors.

35 Ecology may notify the permittee in writing that an annual GHG report previously submitted  
36 contains one or more substantive errors. Such notification will identify each such error. The  
37 permittee shall, within forty-five days of receipt of the notification, either resubmit the report  
38 that, for each identified substantive error, corrects the identified substantive error (in accordance  
39 with the applicable requirements of this permit) or provide information demonstrating that the  
40 previously submitted report does not contain the identified substantive error or that the identified  
41 error is not a substantive error. [WAC 173-441-050 (State only); WAC 173-441-100 (State  
42 only)]

- 1    **5.17.1**       Facilities required to report GHG emissions to the EPA under 40 C.F.R. Part 98  
2                   must submit a report to Ecology no later than **March 31<sup>st</sup>** of each calendar year  
3                   for GHG emissions in the previous calendar year.
- 4    **5.17.2**       Facilities which are not anticipated to be required to report GHG emissions to the  
5                   EPA under 40 C.F.R. Part 98 must submit a report to Ecology, no later than  
6                   **October 31<sup>st</sup>** of each calendar year, for GHG emissions in the previous calendar  
7                   year if GHG emissions were equal to or greater than the 10,000 metric tons  
8                   threshold. Permittee is expected to exceed this threshold and will be required to  
9                   submit a GHG report by the October 31 deadline.
- 10   **5.17.3**       The Permittee shall maintain records in accordance with WAC 173-441-050.  
11                   [WAC 173-441-050(6) (State only)]  
12                   Permittee must pay a reporting fee for each year they submit a report to Ecology.  
13                   [WAC 173-441-110 (State only)]
- 14    **5.18**         **Permit Renewal and Expiration**
- 15    **5.18.1**       This permit is issued for a fixed term of five (5) years. The permittee's right to  
16                   operate this source terminates with the expiration of this permit unless a timely  
17                   and complete renewal application is submitted at least 6 months, but no earlier  
18                   than 18 months, before the date of permit expiration. On receipt of a timely and  
19                   complete application for renewal, this source may continue to operate subject to  
20                   final action by Ecology, Health, and BCAA on the renewal application. This  
21                   protection shall cease to apply if, subsequent to a completeness determination, the  
22                   applicant fails to submit by the deadline specified in writing by Ecology, Health,  
23                   or BCAA any additional information identified as being needed to process the  
24                   renewal application. The application for renewal shall include the current permit  
25                   number, description of permit revisions and off-permit changes that occurred  
26                   during the permit term, any applicable requirements that were promulgated and  
27                   not incorporated into the permit during the permit term and shall provide a  
28                   compliance schedule therefore, and information listed in the renewal application  
29                   sent to the applicant.
- 30    **5.18.2**       Upon receipt of a complete and timely application for renewal, this source may  
31                   continue to operate subject to final action by Ecology on the renewal application.
- 32    **5.18.3**       The application shall be sent to:  
33                   **Program Manager**  
34                   Nuclear Waste Program  
35                   State of Washington, Department of Ecology.  
36                   3100 Port of Benton Blvd.  
37                   Richland, WA 99354  
38                   and  
39

1                   **Manager**  
2                   State of Washington, Department of Health  
3                   The Division of Environmental Health  
4                   The Office of Radiation Protection  
5                   Radioactive Air Emissions Section  
6                   309 Bradley Blvd, Suite 201  
7                   Richland, WA 99352

8                   and

9                   **Control Officer**  
10                  Benton Clean Air Agency  
11                  526 South Clodfelter Road  
12                  Kennewick, WA 99336

13                  or other address, as directed by the agencies.

14                  [WAC 173-401-610, WAC 173-401-710(1), WAC 246-247-060(6) (State only)]

15   **5.18.4**       Duty to supplement or correct application. The permittee, upon becoming aware  
16                  that any relevant facts were omitted or incorrect information was submitted in the  
17                  permit application, shall promptly submit such supplementary facts or corrected  
18                  information. The permittee shall also provide additional information as necessary  
19                  to address any requirements that become applicable to the source after the date a  
20                  complete renewal application was submitted but prior to release of a draft permit.  
21                  [WAC 173-401-500(6).]

22   **5.19        Off-permit Changes**

23   **5.19.1**       The source shall be allowed to make changes to Attachment 1 not specifically  
24                  addressed or prohibited by the permit terms and conditions without requiring a  
25                  permit revision, provided that the proposed changes do not weaken the  
26                  enforceability of the existing permit conditions. Any change that is a Title I  
27                  modification or is a change subject to the acid rain requirements under Title IV of  
28                  the FCAA must be submitted as a permit revision.

29   **5.19.2**       Each such change shall meet all applicable requirements and shall not violate any  
30                  existing permit term or condition.

31   **5.19.3**       Sources must provide contemporaneous written notice to Ecology and EPA of  
32                  each such change.

33                  Notification shall be submitted to Ecology to the address below or as provided by  
34                  Ecology:

35                  **Program Manager**  
36                  Nuclear Waste Program  
37                  State of Washington  
38                  Department of Ecology  
39                  3100 Port of Benton Blvd  
40                  Richland, WA 99352

41                  and EPA Region 10 to the address below or as provided by Ecology or EPA:

1           **ATTN:** Air Permits Office AWT-107  
2           U.S. EPA Region 10 Administrator  
3           1200 Sixth Avenue, Suite 900  
4           Seattle, WA 98101-3140

5           Such written notice shall describe each such change, including the date, any  
6           change in emissions, pollutants emitted, and any applicable requirement that would  
7           apply as a result of the change.

8    **5.19.4**       The change shall not qualify for the permit shield under WAC 173-401-640.

9    **5.19.5**       The permittee shall keep a record describing changes made at the source that  
10           result in emissions of a regulated air pollutant subject to an applicable  
11           requirement, but not otherwise regulated under the permit, and the emissions  
12           resulting from those changes.

13   **5.19.6**       A source making a change under this section shall comply with applicable  
14           preconstruction review requirements established pursuant to RCW 70.94.152.  
15           [WAC 173-401-724]

16   **5.20        Changes Not Requiring Permit Revisions**

17   **5.20.1**       Permittee is authorized to make the changes described in this section to  
18           Attachment 1 without a permit revision, providing the following conditions are  
19           met:

- 20           a.       The proposed changes are not Title I modifications;
- 21           b.       The proposed changes do not result in emissions which exceed those  
22                   allowable under the permit, whether expressed as a rate of emissions, or in  
23                   total emissions;
- 24           c.       The proposed changes do not alter permit terms that are necessary to  
25                   enforce limitations on emissions from units covered by the permit; and
- 26           d.       The source provides the administrator and Ecology with written  
27                   notification at least seven (7) days prior to making the proposed changes  
28                   except that written notification of a change made in response to an  
29                   emergency shall be provided as soon as possible after the event.

30           Notification shall be submitted to Ecology to the address below or as provided by  
31           Ecology:

32           **Program Manager**  
33           Nuclear Waste Program  
34           State of Washington  
35           Department of Ecology  
36           3100 Port of Benton Blvd  
37           Richland, WA 99352

38           and EPA Region 10 to the address below or as provided by Ecology or EPA:

39           **ATTN:** Air Permits Office AWT-107  
40           U.S. EPA Region 10 Administrator  
41           1200 Sixth Avenue, Suite 900  
42           Seattle, WA 98101-3140

- 1           The permittee and Ecology shall attach each notice to their copy of the relevant  
2           permit.
- 3   **5.20.2**       Pursuant to conditions in 5.20.1, a Chapter 173-401 WAC source is authorized to  
4           make Title V Section 502(b)(10) changes without a permit revision.
- 5   **5.20.2.1**     For each such change, the written notification required shall include a brief  
6           description of the change within the permitted source, the date on which the  
7           change will occur, any change in emissions, and any permit term or condition that  
8           is no longer applicable as a result of the change.
- 9   **5.20.2.2**     The permit shield authorized under WAC 173-401-640 shall not apply to any  
10          change made pursuant to this paragraph.
- 11 **5.20.3**        A Chapter 173-401 WAC source is authorized to trade increases and decreases in  
12          emissions in the permitted source, where the Washington state implementation  
13          plan (SIP) provides for such emissions trades without requiring a permit revision.  
14          This provision is available in those cases where the permit does not already  
15          provide for such emissions trading.
- 16 **5.20.3.1**     Written notification shall include such information as may be required by the  
17          provision in the Washington SIP authorizing the emissions trade, including at a  
18          minimum, when the proposed change will occur, a description of each such  
19          change, any change in emissions, the permit requirements with which the source  
20          will comply using the emissions trading provisions of the Washington SIP, and  
21          the pollutants emitted subject to the emissions trade. The notice shall also refer to  
22          the provisions with which the source will comply in the applicable  
23          implementation plan and that provide for the emissions trade.
- 24 **5.20.3.2**     The permit shield described in WAC 173-401-640 shall not extend to any change  
25          made under this paragraph. Compliance with the permit requirements that the  
26          source will meet using the emissions trade shall be determined according to  
27          requirements of the applicable SIP authorizing the emissions trade.
- 28 **5.20.4**        Upon the request of the permittee, Ecology shall issue permits that contain terms  
29          and conditions, including all terms required under WAC 173-401-600 through  
30          173-401-630 to determine compliance, allowing for the trading of emissions  
31          increases and decreases in the WAC 173-401 source solely for the purpose of  
32          complying with a federally enforceable emissions cap that is established in the  
33          permit independent of otherwise applicable requirements. The permittee shall  
34          include in its application proposed replicable procedures and permit terms that  
35          ensure the emissions trades are quantifiable and enforceable. The emissions  
36          trading provisions shall not be applied to any emissions units for which emissions  
37          are not quantifiable or for which there are no replicable procedures to enforce the  
38          emissions trades.
- 39 **5.20.4.1**     Written notification, shall state when the change will occur and shall describe the  
40          changes in emissions that will result and how these increases and decreases in  
41          emissions will comply with the terms and conditions of the permit.
- 42 **5.20.4.2**     The permit shield described in WAC 173-401-640 shall extend to terms and  
43          conditions that allow such increases and decreases in emissions.

1 **5.20.5** A source making a change under this section shall comply with applicable  
2 preconstruction review requirements established pursuant to 70.94.152 RCW.

3 [WAC 173-401-722]

4 **5.21 Reopening for Cause**

5 **5.21.1** Permits shall be reopened and revised under any of the following circumstances:

- 6 a. Additional applicable requirements become applicable to a Chapter 173-  
7 401 WAC source with a remaining permit term of three (3) or more years.  
8 Such a reopening shall be completed no later than eighteen (18) months  
9 after promulgation of the applicable requirements. No such reopening is  
10 required if the effective date of the requirement is later than the date on  
11 which the permit is due to expire, unless the original permit or any of its  
12 terms and conditions have been extended pursuant to WAC 173-401-  
13 620(2)(j);
- 14 b. Ecology, Health, BCAA, or the administrator determines that the permit  
15 contains a material mistake or that inaccurate statements were made in  
16 establishing the emissions standards or other terms or conditions of the  
17 permit; or
- 18 c. Ecology, Health, BCAA, or the administrator determines that the permit  
19 must be revised or revoked to assure compliance with the applicable  
20 requirements.

21 **5.21.2** Proceedings to reopen and issue a permit shall follow the same procedures as  
22 apply to initial permit issuance and shall affect only those parts of the permit for  
23 which cause to reopen exists. Such reopening shall be made as expeditiously as  
24 practicable.

25 **5.21.3** All permit conditions remain in effect until such time as Ecology takes final  
26 action. Respective regulatory agencies may take temporary corrective measures  
27 in cases of material mistakes or potential negative impact to public health.

28 **5.21.4** Reopenings under this section shall not be initiated before a notice of such intent  
29 is provided to the Chapter 173-401 WAC source by Ecology at least thirty (30)  
30 days in advance of the date that the permit is to be reopened, except that Ecology,  
31 Health, or BCAA may provide a shorter time period in the case of an emergency.

32 [WAC 173-401-730]

33 **5.22 New Source Review**

34 The permittee shall not construct new sources or make modifications required to be reviewed  
35 under WAC 173-400-110, WAC 173-400-560, WAC 173-400-720, WAC 173-400-820, or  
36 WAC 173-460-040 before the permittee obtains written final approval from Ecology in  
37 accordance with those regulations and pays the appropriate fees required by WAC 173-455-120.  
38 [WAC 173-400-110, (State only); WAC 173-400-171 (State only); WAC 173-400-560 (State  
39 only); WAC 173-400-720 (State Only); WAC 173-400-820 (State only); WAC 173-455-120  
40 (State only); WAC 173-460-040 (State only); RCW 70.94.152, 2011 (State only)]

1 **5.23 Replacement or Substantial Alteration of Emission Control**  
2 **Technology**

3 Prior to replacing or substantially altering emission control technology subject to review under  
4 WAC 173-400-114, the permittee shall file for and obtain approval from Ecology according to  
5 that regulation. The permittee shall pay the appropriate fees required by WAC 173-455-100  
6 prior to commencing construction. [WAC 173-400-045(4), (State only); WAC 173-400-114,  
7 (State only); WAC 173-455-100 (State only), RCW 70.94.153, 2011 (State only)]

8 **5.24 Nonroad Engines**

9 Prior to installation or operation of a nonroad engine, as defined in WAC 173-400-030(56), the  
10 permittee shall meet the requirements of WAC 173-400-035, as applicable. If the nonroad  
11 engine(s) has a cumulative maximum rated brake horsepower greater than 500, a notification of  
12 intent to operate will be submitted to Ecology. If the nonroad engine(s) has a cumulative  
13 maximum rated brake horsepower greater than 2,000, the permittee will not operate the engine(s)  
14 unless Ecology issues written approval to operate. [WAC 173-400-035, (State only)]

15 **5.25 Reserved**

16 **5.26 Federal Chlorofluorocarbon Requirements**

17 **5.26.1** The permittee shall comply with the following standards for recycling and  
18 emissions reductions pursuant to 40 CFR 82, Subpart F, except as provided for  
19 MVACs in Subpart B:

- 20 a. Persons conducting maintenance, service, repair, or disposing must follow  
21 the prohibitions pursuant to 40 CFR 82.154.
- 22 b. Persons opening appliances for maintenance, service, repair, or disposal  
23 must comply with the required practices pursuant to 40 CFR 82.156.
- 24 c. Equipment used during the maintenance, service, repair or disposal must  
25 comply with the standards for recycling and recovery equipment pursuant  
26 to 40 CFR 82.158.
- 27 d. Persons performing maintenance, service, repair, or disposal of appliances  
28 must be certified by an approved technician certification program pursuant  
29 to 40 CFR 82.161.
- 30 e. Persons conducting maintenance, service, repair, or disposing must certify  
31 to the Administrator that such person has acquired certified recovery or  
32 recycling equipment pursuant to 40 CFR 82.162.
- 33 f. Persons disposing of small appliances, MVACs, and MVAC-like  
34 appliances must comply with recordkeeping requirements pursuant to 40  
35 CFR 82.166.
- 36 g. Persons owning commercial or industrial process refrigeration equipment  
37 must comply with the leak repair requirements pursuant to 40 CFR  
38 82.156.
- 39 h. Owners/operators of appliances normally containing 50 or more pounds of  
40 refrigerant must keep servicing records documenting the date and type of  
41 service, as well as the quantity of refrigerant added. The owner/operator  
42 must keep records of refrigerant purchased and added to such appliances

1 in cases where owners add their own refrigerant, pursuant to 40 CFR  
2 82.166.

3 **5.26.2** If the permittee manufactures, transforms, imports, or exports a class I or class II  
4 substance, the permittee is subject to all the requirements as specified in 40 CFR  
5 82, Subpart A - Production and Consumption Controls.

6 **5.26.3** If the permittee performs service, maintenance, repair or disposal of air  
7 conditioners in MVACs and MVAC-like appliances (as that term is defined in 40  
8 CFR 82.152) that involves refrigerant as defined in 40 CFR 82.32(f), the  
9 permittee is subject to the applicable requirements in 40 CFR 82, Subpart B -  
10 Servicing of Motor Vehicle Air Conditioners.

11 **5.26.4** The permittee shall be allowed to switch from any ozone depleting substance to  
12 any alternative that is listed in the Significant New Alternative Program  
13 promulgated pursuant to 40 CFR 82, Subpart G - Significant New Alternative  
14 Policy Program.

15 [40 CFR 82, 7/1/10; RCW 70.94.970, 2011 (State only); RCW 70.94.980, 2011  
16 (State only)]

17 **5.27 Inapplicable Requirements**

18 Ecology has determined that the Hanford Site, including all sources, is not subject to certain  
19 requirements. In accordance with the provisions of WAC 173-401-640(2), inapplicable  
20 requirements at the time of permit issuance are shown in Table 5-1. The permit shield shall  
21 apply to these inapplicable requirements. [WAC 173-401-640(2)]

22

1 **Table 5-1. Inapplicable Requirements**

Requirement	Reason for Inapplicability
BCAA, Regulation 1, Articles 1, 2, 3, 4, 6, 7, 9	Authority to regulate Hanford Site air emissions pre-empted by Ecology, except for Articles 5 and 8.
WAC 173-400-040(4)(b)	The Hanford Site has not been identified as a significant contributor to the nonattainment status of a designated nonattainment area.
WAC 173-400-040(9)(b)	The Hanford Site has not been identified as a significant contributor to a PM-10 or PM-2.5 nonattainment area.
WAC 173-400-060, "Emission Standards for General Process Units"	No general process units have been identified on the Hanford Site.
WAC 173-400-070, "Emission Standards for Certain Source Categories"	No affected sources on the Hanford Site.
WAC 173-400-105(5)(b), (c) and (d), Continuous monitoring and recording for Sulfuric acid plants, fluid bed catalytic cracking units, and wood residue fuel-fired steam generators	No affected sources on the Hanford Site.
WAC 173-400-112, "Requirements for New Sources in Nonattainment Areas"	The Hanford Site and surrounding areas are not classified as nonattainment areas for any regulated pollutant.
WAC 173-400-151, "Retrofit Requirements for Visibility Protection"	The Hanford Site has not been identified as a cause or contributor to visibility impairment in any mandatory Class I area.
WAC 173-400-190, "Requirements for Nonattainment Areas"	The Hanford Site is not located in a nonattainment area.
WAC 173-400-210, "Emission Requirements of Prior Jurisdictions"	The Hanford Site always has been regulated by Ecology. No local authority previously has regulated the Hanford Site.
WAC 173-405, "Kraft Pulping Mills"	No affected sources on the Hanford Site.
WAC 173-406, "Acid Rain Regulation"	No affected sources on the Hanford Site.
WAC 173-407, "Carbon Dioxide Mitigation Program Greenhouse Gases Emissions Performance Standard and Sequestration Plans and Programs for Thermal Electric Generating Facilities"	No affected sources on the Hanford Site.
WAC 173-410, "Sulfite Pulping Mills"	No affected sources on the Hanford Site.
WAC 173-415, "Primary Aluminum Plants"	No affected sources on the Hanford Site.
WAC 173-430, "Agricultural Burning"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
WAC 173-433, "Solid Fuel Burning Devices"	No affected sources on the Hanford Site.
WAC 173-434, "Solid Waste Incinerator Facilities"	No affected sources on the Hanford Site.
WAC 173-490, Emission Standards and Controls for Sources Emitting Volatile Organic Compounds	This supplements WAC 173-400 and applies to volatile organic compound (VOC) sources in ozone nonattainment areas. The Hanford Site is not located in a designated ozone nonattainment area.
WAC 173-492, "Motor Fuel Specifications for Oxygenated Gasoline"	The site is not located in the control areas requiring oxygenated gasoline use.
WAC 246-247-060(10), Commercial Nuclear Power Plants	The permittee does not operate a commercial nuclear power plant.
WAC 246-247-075(5) and (7), Facilities Licensed by the U.S. Nuclear Regulatory Commission (NRC)	The permittee does not have point source emissions from NRC licensed facilities. Any NRC license would be to handle a specific sealed source term.
WAC 463-78, "General and Operating Permit Regulations for Air Pollution Sources"	The site emission sources are not subject to Energy Facility Site Evaluation Council (EFSEC) jurisdiction/authority.
40 CFR 60 Subpart B, "Adoption and Submittal of State Plans for Designated Facilities"	These are permitting authority procedural requirements.
40 CFR 60 Subpart C, "Emission Guidelines and Compliance Times"	These are permitting authority procedural requirements.
40 CFR 60 Subpart Cb, "Emissions Guidelines and Compliance Times for Large Municipal Waste Combustors that are Constructed on or Before September 20, 1994"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Cc, "Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Cd, "Emissions Guidelines and Compliance Times for Sulfuric Acid Production Units"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Ce, "Emission Guidelines and Compliance Times for Hospital/Medical/Infectious Waste Incinerators"	No affected sources on the Hanford Site.
40 CFR 60 Subpart D, Standards of Performance for Fossil-Fuel-Fired Steam Generators for Which Construction is Commenced After August 17, 1971	No affected sources on the Hanford Site.
40 CFR 60 Subpart Da, "Standards of Performance for Electric Utility Steam Generating Units for Which Construction is Commenced After September 18, 1978"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart Db, "Standards of Performance for Industrial-Commercial-Institutional Steam Generating Units"	No affected sources on the Hanford Site.
40 CFR 60 Subpart E, "Standards of Performance for Incinerators"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Ea, "Standards of Performance for Municipal Waste Combustors for Which Construction is Commenced After December 20, 1989 and On or Before September 20, 1994"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Eb, "Standards of Performance for Large Municipal Waste Combustors for Which Construction is Commenced after September 20, 1994 or for Which Modification or Reconstruction is Commenced After June 19, 1996"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Ec, "Standards of Performance for Hospital/Medical/Infectious Waste Incinerators for Which Construction is Commenced After June 20, 1996"	No affected sources on the Hanford Site.
40 CFR 60 Subpart F, "Standards of Performance for Portland Cement Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart G, "Standards of Performance for Nitric Acid Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart H, Standards of Performance for Sulfuric Acid Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart I, "Standards of Performance for Hot Mix Asphalt Facilities"	No affected sources on the Hanford Site.
40 CFR 60 Subpart J, "Standards of Performance for Petroleum Refineries"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Ja, "Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007"	No affected sources on the Hanford Site.
40 CFR 60 Subpart K, "Standards of Performance for Storage Vessels for Petroleum Liquids for Which Construction, Reconstruction, or Modification Commenced After June 11, 1973, and Prior to May 19, 1978"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Ka, "Standards of Performance for Storage Vessels for Petroleum Liquids for Which Construction, Reconstruction, or Modification Commenced After May 18, 1978, and Prior to July 23, 1984"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart Kb, “Standards of Performance for Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction, Reconstruction, or Modification Commenced After July 23, 1984”	No affected sources on the Hanford Site.
40 CFR 60 Subpart L, “Standards of Performance for Secondary Lead Smelters”	No affected sources on the Hanford Site.
40 CFR 60 Subpart M, “Standards of Performance for Secondary Brass and Bronze Production Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart N, “Standards of Performance for Primary Emissions From Basic Oxygen Process Furnaces for Which Construction is Commenced After June 11, 1973”	No affected sources on the Hanford Site.
40 CFR 60 Subpart Na, “Standards of Performance for Secondary Emissions from Basic Oxygen Process Steelmaking Facilities for Which Construction is Commenced After January 20, 1983”	No affected sources on the Hanford Site.
40 CFR 60 Subpart O, “Standards of Performance for Sewage Treatment Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart P, “Standards of Performance for Primary Copper Smelters”	No affected sources on the Hanford Site.
40 CFR 60 Subpart Q, “Standards of Performance for Primary Zinc Smelters”	No affected sources on the Hanford Site.
40 CFR 60 Subpart R, “Standards of Performance for Primary Lead Smelters”	No affected sources on the Hanford Site.
40 CFR 60 Subpart S, “Standards of Performance for Primary Aluminum Reduction Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart T, “Standards of Performance for the Phosphate Fertilizer Industry: Wet-Process Phosphoric Acid Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart U, “Standards of Performance for the Phosphate Fertilizer Industry: Superphosphoric Acid Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart V, “Standards of Performance for the Phosphate Fertilizer Industry: Diammonium Phosphate Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart W, “Standards of Performance for the Phosphate Fertilizer Industry: Triple Superphosphate Plants”	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart X, "Standards of Performance for the Phosphate Fertilizer Industry: Granular Triple Superphosphate Storage Facilities"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Y, "Standards of Performance for Coal Preparation and Processing Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart Z, "Standards of Performance for Ferroalloy Production Facilities"	No affected sources on the Hanford Site.
40 CFR 60 Subpart AA, "Standards of Performance for Steel Plants: Electric Arc Furnaces Constructed After October 21, 1974, and On or Before August 17, 1983"	No affected sources on the Hanford Site.
40 CFR 60 Subpart AAa, "Standards of Performance for Steel Plants: Electric Arc Furnaces and Argon-Oxygen Decarburization Vessels Constructed After August 17, 1983"	No affected sources on the Hanford Site.
40 CFR 60 Subpart BB, "Standards of Performance for Kraft Pulp Mills"	No affected sources on the Hanford Site.
40 CFR 60 Subpart CC, "Standards of Performance for Glass Manufacturing Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart DD, "Standards of Performance for Grain Elevators"	No affected sources on the Hanford Site.
40 CFR 60 Subpart EE, "Standards of Performance for Surface Coating of Metal Furniture"	No affected sources on the Hanford Site.
40 CFR 60 Subpart GG, "Standards of Performance for Stationary Gas Turbines"	No affected sources on the Hanford Site.
40 CFR 60 Subpart HH, "Standards of Performance for Lime Manufacturing Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart KK, "Standards of Performance for Lead-Acid Battery Manufacturing Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart LL, "Standards of Performance for Metallic Mineral Processing Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart MM, "Standards of Performance for Automobile and Light Duty Truck Surface Coatings Operations"	No affected sources on the Hanford Site.
40 CFR 60 Subpart NN, "Standards of Performance for Phosphate Rock Plants"	No affected sources on the Hanford Site.
40 CFR 60 Subpart PP, "Standards of Performance for Ammonium Sulfate Manufacture"	No affected sources on the Hanford Site.
40 CFR 60 Subpart QQ, "Standards of Performance for the Graphic Arts Industry: Publication Rotogravure Printing"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart RR, "Standards of Performance for Pressure Sensitive Tape and Label Surface Coating Operations"	No affected sources on the Hanford Site.
40 CFR 60 Subpart SS, "Standards of Performance for Industrial Surface Coating: Large Appliances"	No affected sources on the Hanford Site.
40 CFR 60 Subpart TT, "Standards of Performance for Metal Coil Surface Coating"	No affected sources on the Hanford Site.
40 CFR 60 Subpart UU, "Standards of Performance for Asphalt Processing and Asphalt Roofing Manufacture"	No affected sources on the Hanford Site.
40 CFR 60 Subpart VV, "Standards of Performance for Equipment Leaks of VOC in the Synthetic Organic Chemicals Manufacturing Industry for Which Construction, Reconstruction, or Modification Commenced After January 5, 1981, and On or Before November 7, 2006"	No affected sources on the Hanford Site.
40 CFR 60 Subpart VVa, "Standards of Performance for Equipment Leaks of VOC in the Synthetic Organic Chemicals Manufacturing Industry for Which Construction, Reconstruction, or Modification Commenced After November 7, 2006"	No affected sources on the Hanford Site.
40 CFR 60 Subpart WW, "Standards of Performance for the Beverage Can Surface Coating Industry"	No affected sources on the Hanford Site.
40 CFR 60 Subpart XX "Standards of Performance for Bulk Gasoline Terminals"	No affected sources on the Hanford Site.
40 CFR 60 Subpart AAA, "Standards of Performance for New Residential Wood Heaters"	No affected sources on the Hanford Site.
40 CFR 60 Subpart BBB, "Standards of Performance for the Rubber Tire Manufacturing Industry"	No affected sources on the Hanford Site.
40 CFR 60 Subpart DDD, "Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Polymer Manufacturing Industry"	No affected sources on the Hanford Site.
40 CFR 60 Subpart FFF, "Standards of Performance for Flexible Vinyl and Urethane Coating and Printing"	No affected sources on the Hanford Site.
40 CFR 60 Subpart GGG, "Standards of Performance for Equipment Leaks of VOC in Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After January 4, 1983, and On or Before November 7, 2006"	No affected sources on the Hanford Site.
40 CFR 60 Subpart GGGa, "Standards of Performance for Equipment Leaks of VOC in Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After November 7, 2006"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart HHH, “Standards of Performance for Synthetic Fiber Production Facilities”	No affected sources on the Hanford Site.
40 CFR 60 Subpart III, “Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Synthetic Organic Chemical Manufacturing Industry (SOCMI) Air Oxidation Unit Processes”	No affected sources on the Hanford Site.
40 CFR 60 Subpart JJJ, “Standards of Performance for Petroleum Dry Cleaners”	No affected sources on the Hanford Site.
40 CFR 60 Subpart KKK, “Standards of Performance for Equipment Leaks of VOC from Onshore Natural Gas Processing Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart LLL, “Standards of Performance for Onshore Natural Gas Processing: SO <sub>2</sub> Emissions”	No affected sources on the Hanford Site.
40 CFR 60 Subpart NNN, “Standards of Performance for Volatile Organic Compound (VOC) Emissions from Synthetic Organic Chemical Manufacturing Industry (SOCMI) Distillation Operations”	No affected sources on the Hanford Site.
40 CFR 60 Subpart OOO, “Standards of Performance for Nonmetallic Mineral Processing Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart PPP, “Standard of Performance for Wool Fiberglass Insulation Manufacturing Plants”	No affected sources on the Hanford Site.
40 CFR 60 Subpart QQQ, “Standards of Performance for VOC Emissions from Petroleum Refinery Wastewater Systems”	No affected sources on the Hanford Site.
40 CFR 60 Subpart RRR, “Standards of Performance for Volatile Organic Compound Emissions from Synthetic Organic Chemical Manufacturing Industry (SOCMI) Reactor Processes”	No affected sources on the Hanford Site.
40 CFR 60 Subpart SSS, “Standards of Performance for Magnetic Tape Coating Facilities”	No affected sources on the Hanford Site.
40 CFR 60 Subpart TTT, “Standards of Performance for Industrial Surface Coating: Surface Coating of Plastic Parts for Business Machines”	No affected sources on the Hanford Site.
40 CFR 60 Subpart UUU, Standards of Performance for Calciners and Dryers in Mineral Industries”	No affected sources on the Hanford Site.
40 CFR 60 Subpart VVV, “Standards of Performance for Polymeric Coating of Supporting Substrates Facilities”	No affected sources on the Hanford Site.
40 CFR 60 Subpart WWW, “Standards of Performance for Municipal Solid Waste Landfills”	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 60 Subpart AAAA, “Standards of Performance for Small Municipal Waste Combustion Units for Which Construction is Commenced After August 30, 1999 or for Which Modification or Reconstruction is Commenced After June 6, 2001”	No affected sources on the Hanford Site.
40 CFR 60 Subpart BBBB, “Emission Guidelines and Compliance Times for Small Municipal Waste Combustion Units Constructed On or Before August 30, 1999”	No affected sources on the Hanford Site.
40 CFR 60 Subpart CCCC, “Standards of Performance for Commercial and Industrial Solid Waste Incineration Units for Which Construction is Commenced After November 30, 1999 or for Which Modification or Reconstruction is Commenced On or After June 1, 2001”	No affected sources on the Hanford Site.
40 CFR 60 Subpart DDDD, “Emission Guidelines and Compliance Times for Commercial and Industrial Solid Waste Incineration Units that Commenced Construction On or Before November 30, 1999”	No affected sources on the Hanford Site.
40 CFR 60 Subpart EEEE, “Standards of Performance for Other Solid Waste Incineration Units for Which Construction is Commenced After December 9, 2004, or for Which Modification or Reconstruction is Commenced On or After June 16, 2006”	No affected sources on the Hanford Site.
40 CFR 60 Subpart FFFF, “Emission Guidelines and Compliance Times for Other Solid Waste Incineration Units that Commenced On or Before December 9, 2004”	No affected sources on the Hanford Site.
40 CFR 60 Subpart HHHH, “Emission Guidelines and Compliance Times for Coal-Fired Electric Steam Generating Units”	No affected sources on the Hanford Site.
40 CFR 60 Subpart LLLL, “Standards of Performance for New Sewage Sludge Incinerator Units”	No affected sources on the Hanford Site.
40 CFR 60 Subpart MMMM, “Emission Guidelines and Compliance Times for Existing Sewage Sludge Incinerator Units”	No affected sources on the Hanford Site.
40 CFR 61 Subpart B, “National Emission Standards for Radon Emissions From Underground Uranium Mines”	No affected sources on the Hanford Site.
40 CFR 61 Subpart C, “National Emission Standard for Beryllium	No affected sources on the Hanford Site.
40 CFR 61 Subpart D, “National Emission Standard for Beryllium Rocket Motor Firing”	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 61 Subpart E, "National Emission Standard for Mercury"	No affected sources on the Hanford Site.
40 CFR 61 Subpart F, "National Emission Standard for Vinyl Chloride"	No affected sources on the Hanford Site.
40 CFR 61 Subpart I, "National Emission Standards for Radionuclide Emissions from Federal Facilities Other Than Nuclear Regulatory Commission Licensees and Not Covered by Subpart H"	No affected sources on the Hanford Site.
40 CFR 61 Subpart J, "National Emission Standard for Equipment Leaks (Fugitive Emission Sources) of Benzene"	No affected sources on the Hanford Site.
40 CFR 61 Subpart K, "National Emission Standards for Radionuclide Emissions from Elemental Phosphorus Plants"	No affected sources on the Hanford Site.
40 CFR 61 Subpart L, "National Emission Standard for Benzene Emissions from Coke By-Product Recovery Plants"	No affected sources on the Hanford Site.
40 CFR 61 Subpart N, "National Emission Standard for Inorganic Arsenic Emissions from Glass Manufacturing Plants"	No affected sources on the Hanford Site.
40 CFR 61 Subpart O, "National Emission Standard for Inorganic Arsenic Emissions from Primary Copper Smelters"	No affected sources on the Hanford Site.
40 CFR 61 Subpart P, "National Emission Standard for Inorganic Arsenic Emissions from Arsenic Trioxide and Metallic Arsenic Production Facilities"	No affected sources on the Hanford Site.
40 CFR 61 Subpart Q, "National Emission Standards for Radon Emissions from Department of Energy Facilities"	No affected sources on the Hanford Site.
40 CFR 61 Subpart R, "National Emission Standards for Radon Emissions from Phosphogypsum Stacks"	No affected sources on the Hanford Site.
40 CFR 61 Subpart T, "National Emission Standards for Radon Emissions from the Disposal of Uranium Mill Tailings"	No affected sources on the Hanford Site.
40 CFR 61 Subpart V, "National Emission Standard for Equipment Leaks (Fugitive Emission Sources)"	No affected sources on the Hanford Site.
40 CFR 61 Subpart W, "National Emission Standards for Radon Emissions from Operating Mill Tailings"	No affected sources on the Hanford Site.
40 CFR 61 Subpart Y, "National Emission Standard for Benzene Emissions from Benzene Storage Vessels"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 61 Subpart BB, "National Emission Standard for Benzene Emissions from Benzene Transfer Operations"	No affected sources on the Hanford Site.
40 CFR 61 Subpart FF, "National Emission Standard for Benzene Waste Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart E, "Approval of State Programs and Delegation of Federal Authorities"	These are permitting authority procedural requirements.
40 CFR 63 Subpart F, "National Emission Standards for Organic Hazardous Air Pollutants from the Synthetic Organic Chemical Manufacturing Industry"	No affected sources on the Hanford Site.
40 CFR 63 Subpart G, "National Emission Standards for Organic Hazardous Air Pollutants from the Synthetic Organic Chemical Manufacturing Industry for Process Vents, Storage Vessels, Transfer Operations and Wastewater"	No affected sources on the Hanford Site.
40 CFR 63 Subpart H, "National Emission Standards for Organic Hazardous Air Pollutants for Equipment Leaks"	No affected sources on the Hanford Site.
40 CFR 63 Subpart I, "National Emission Standards for Organic Hazardous Air Pollutants for Certain Processes Subject to the Negotiated Regulation for Equipment Leaks"	No affected sources on the Hanford Site.
40 CFR 63 Subpart J, "National Emission Standards for Hazardous Air Pollutants for Polyvinyl Chloride and Copolymers Production"	No affected sources on the Hanford Site.
40 CFR 63 Subpart L, "National Emission Standards for Coke Oven Batteries"	No affected sources on the Hanford Site.
40 CFR 63 Subpart M, "National Perchloroethylene Air Emission Standards for Dry Cleaning Facilities"	No affected sources on the Hanford Site.
40 CFR 63 Subpart N, "National Emission Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks"	No affected sources on the Hanford Site.
40 CFR 63 Subpart O, "Ethylene Oxide Emissions Standards for Sterilization Facilities"	No affected sources on the Hanford Site.
40 CFR 63 Subpart Q, "National Emission Standards for Hazardous Air Pollutants for Industrial Process Cooling Towers"	No affected sources on the Hanford Site.
40 CFR 63 Subpart R, "National Emission Standards for Gasoline Distribution Facilities (Bulk Gasoline Terminals and Pipeline Breakout Stations)"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart S, "National Emission Standards for Hazardous Air Pollutants from the Pulp and Paper Industry"	No affected sources on the Hanford Site.
40 CFR 63 Subpart T, "National Emission Standards for Halogenated Solvent Cleaning"	No affected sources on the Hanford Site.
40 CFR 63 Subpart U, "National Emission Standards for Hazardous Air Pollutant Emissions: Group I Polymers and Resins"	No affected sources on the Hanford Site.
40 CFR 63 Subpart W, "National Emission Standards for Hazardous Air Pollutants for Epoxy Resins Production and Non-Nylon Polyamides Production"	No affected sources on the Hanford Site.
40 CFR 63 Subpart X, "National Emission Standards for Hazardous Air Pollutants from Secondary Lead Smelting"	No affected sources on the Hanford Site.
40 CFR 63 Subpart Y, "National Emission Standards for Marine Tank Vessel Loading Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart AA, "National Emission Standards for Hazardous Air Pollutants from Phosphoric Acid Manufacturing Plants"	No affected sources on the Hanford Site.
40 CFR 63 Subpart BB, "National Emission Standards for Hazardous Air Pollutants from Phosphate Fertilizers Production Plants"	No affected sources on the Hanford Site.
40 CFR 63 Subpart CC, "National Emission Standards for Hazardous Air Pollutants from Petroleum Refineries"	No affected sources on the Hanford Site.
40 CFR 63 Subpart DD, "National Emission Standards for Hazardous Air Pollutants from Off-Site Waste and Recovery Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart EE, "National Emission Standards for Magnetic Tape Manufacturing Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart GG, "National Emission Standards for Aerospace Manufacturing and Rework Facilities"	No affected sources on the Hanford Site.
40 CFR 63 Subpart HH, "National Emission Standards for Hazardous Air Pollutants from Oil and Natural Gas Production Facilities"	No affected sources on the Hanford Site.
40 CFR 63 Subpart II, "National Emission Standards for Shipbuilding and Ship Repair (Surface Coatings)"	No affected sources on the Hanford Site.
40 CFR 63 Subpart JJ, "National Emission Standards for Wood Furniture Manufacturing Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart KK, "National Emission Standards for the Printing and Publishing Industry"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart LL, “National Emission Standards for Hazardous Air Pollutants for Primary Aluminum Reduction Plants”	No affected sources on the Hanford Site.
40 CFR 63 Subpart MM, “National Emission Standards for Hazardous Air Pollutants for Chemical Recovery Combustion Sources at Kraft, Soda, Sulfite, and Stand-Alone Semichemical Pulp Mills”	No affected sources on the Hanford Site.
40 CFR 63 Subpart OO, “National Emission Standards for Tanks – Level 1”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart PP, “National Emission Standards for Containers”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart QQ, “National Emission Standards for Surface Impoundments”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart RR, “National Emission Standards for Individual Drain Systems”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart SS, “National Emission Standards for Closed Vent Systems, Control Devices, Recovery Devices and Routing to a Fuel Gas System or a Process”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart TT, “National Emission Standards for Equipment Leaks – Control Level 1”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart UU, “National Emission Standards for Equipment Leaks – Control Level 2 Standards”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart VV, “National Emission Standards for Oil-Water Separators and Organic-Water Separators”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.
40 CFR 63 Subpart WW, “National Emission Standards for Storage Vessels (Tanks) – Control Level 2”	No affected sources on the Hanford Site subject to other rule subparts that reference this section for emission control requirements.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart XX, “National Emission Standards for Ethylene Manufacturing Process Units: Heat Exchange Systems and Waste Operations”	No affected sources on the Hanford Site.
40 CFR 63 Subpart YY, “National Emission Standards for Hazardous Air Pollutants for Source Categories: Generic Maximum Achievable Control Technology Standards”	No affected sources on the Hanford Site.
40 CFR 63 Subpart CCC, “National Emission Standards for Hazardous Air Pollutants for Steel Pickling – HCL Process Facilities and Hydrochloric Acid Regeneration Plants”	No affected sources on the Hanford Site.
40 CFR 63 Subpart DDD, “National Emission Standards for Hazardous Air Pollutants for Mineral Wool Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart EEE, “National Emission Standards for Hazardous Air Pollutants from Hazardous Waste Combustors”	No affected sources on the Hanford Site.
40 CFR 63 Subpart GGG, “National Emission Standards for Pharmaceuticals Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart HHH, “National Emission Standards for Hazardous Air Pollutants from Natural Gas Transmission and Storage Facilities”	No affected sources on the Hanford Site.
40 CFR 63 Subpart III, “National Emission Standards for Hazardous Air Pollutants for Flexible Polyurethane Foam Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart JJJ, “National Emission Standards for Hazardous Air Pollutant Emissions: Group IV Polymers and Resins”	No affected sources on the Hanford Site.
40 CFR 63 Subpart LLL, “National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry”	No affected sources on the Hanford Site.
40 CFR 63 Subpart MMM, “National Emission Standards for Hazardous Air Pollutants for Pesticide Active Ingredient Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart NNN, “National Emission Standards for Hazardous Air Pollutants for Wool Fiberglass Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart OOO, “National Emission Standards for Hazardous Air Pollutant Emissions: Manufacture of Amino/Phenolic Resins”	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart PPP, "National Emission Standards for Hazardous Air Pollutant Emissions for Polyether Polyols Production"	No affected sources on the Hanford Site.
40 CFR 63 Subpart QQQ, "National Emission Standards for Hazardous Air Pollutants for Primary Copper Smelting"	No affected sources on the Hanford Site.
40 CFR 63 Subpart RRR, "National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum Production"	No affected sources on the Hanford Site.
40 CFR 63 Subpart TTT, "National Emission Standards for Hazardous Air Pollutants for Primary Lead Smelting"	No affected sources on the Hanford Site.
40 CFR 63 Subpart UUU, "National Emission Standards for Hazardous Air Pollutants for Petroleum Refineries: Catalytic Cracking Units, Catalytic Reforming Units, and Sulfur Recovery Units"	No affected sources on the Hanford Site.
40 CFR 63 Subpart VVV, "National Emission Standards for Hazardous Air Pollutants: Publicly Owned Treatment Works"	No affected sources on the Hanford Site.
40 CFR 63 Subpart XXX, "National Emission Standards for Hazardous Air Pollutants for Ferroalloys Production: Ferromanganese and Silicomanganese"	No affected sources on the Hanford Site.
40 CFR 63 Subpart AAAA, "National Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills"	No affected sources on the Hanford Site.
40 CFR 63 Subpart CCCC, "National Emission Standards for Hazardous Air Pollutants: Manufacturing of Nutritional Yeast"	No affected sources on the Hanford Site.
40 CFR 63 Subpart DDDD, "National Emission Standards for Hazardous Air Pollutants: Plywood and Composite Wood Products"	No affected sources on the Hanford Site.
40 CFR 63 Subpart EEEE, "National Emission Standards for Hazardous Air Pollutants: Organic Liquid Distribution (Non-Gasoline)"	No affected sources on the Hanford Site.
40 CFR 63 Subpart FFFF, "National Emission Standards for Hazardous Air Pollutants: Miscellaneous Organic Chemical Manufacturing"	No affected sources on the Hanford Site.
40 CFR 63 Subpart GGGG, "National Emission Standards for Hazardous Air Pollutants: Solvent Extraction for Vegetable Oil Production"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart HHHH, "National Emission Standards for Hazardous Air Pollutants for Wet-Formed Fiberglass Mat Production"	No affected sources on the Hanford Site.
40 CFR 63 Subpart IIII, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Automobiles and Light-Duty Trucks"	No affected sources on the Hanford Site.
40 CFR 63 Subpart JJJJ, "National Emission Standards for Hazardous Air Pollutants: Paper and Other Web Coating"	No affected sources on the Hanford Site.
40 CFR 63 Subpart KKKK, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Metal Cans"	No affected sources on the Hanford Site.
40 CFR 63 Subpart MMMM, "National Emission Standards for Hazardous Air Pollutants for Surface Coating of Miscellaneous Metal Parts and Products"	No affected sources on the Hanford Site.
40 CFR 63 Subpart NNNN, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Large Appliances"	No affected sources on the Hanford Site.
40 CFR 63 Subpart OOOO, "National Emission Standards for Hazardous Air Pollutants: Printing, Coating, and Dyeing of Fabrics and Other Textiles"	No affected sources on the Hanford Site.
40 CFR 63 Subpart PPPP, "National Emission Standards for Hazardous Air Pollutants for Surface Coating of Plastic Parts and Products"	No affected sources on the Hanford Site.
40 CFR 63 Subpart QQQQ, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Wood Building Products"	No affected sources on the Hanford Site.
40 CFR 63 Subpart RRRR, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Metal Furniture"	No affected sources on the Hanford Site.
40 CFR 63 Subpart SSSS, "National Emission Standards for Hazardous Air Pollutants: Surface Coating of Metal Coil"	No affected sources on the Hanford Site.
40 CFR 63 Subpart TTTT, "National Emission Standards for Hazardous Air Pollutants for Leather Finishing Operations"	No affected sources on the Hanford Site.
40 CFR 63 Subpart UUUU, "National Emission Standards for Hazardous Air Pollutants for Cellulose Products Manufacturing"	No affected sources on the Hanford Site.
40 CFR 63 Subpart VVVV, "National Emission Standards for Hazardous Air Pollutants for Boat Manufacturing"	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart WWWW, “National Emissions Standards for Hazardous Air Pollutants: Reinforced Plastic Composites Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart XXXX, “National Emissions Standards for Hazardous Air Pollutants: Rubber Tire Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart AAAAA, “National Emission Standards for Hazardous Air Pollutants for Lime Manufacturing Plants”	No affected sources on the Hanford Site.
40 CFR 63 Subpart BBBB, “National Emission Standards for Hazardous Air Pollutants for Semiconductor Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart CCCCC, “National Emission Standards for Hazardous Air Pollutants for Coke Ovens: Pushing, Quenching, and Battery Stacks”	No affected sources on the Hanford Site.
40 CFR 63 Subpart EEEEE, “National Emission Standards for Hazardous Air Pollutants for Iron and Steel Foundries”	No affected sources on the Hanford Site.
40 CFR 63 Subpart FFFFF, “National Emission Standards for Hazardous Air Pollutants for Integrated Iron and Steel Manufacturing Facilities”	No affected sources on the Hanford Site.
40 CFR 63 Subpart GGGGG, “National Emission Standards for Hazardous Air Pollutants: Site Remediation”	No affected sources on the Hanford Site.
40 CFR 63 Subparts HHHHH, “National Emission Standards for Hazardous Air Pollutants: Miscellaneous Coating Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart IIII, “National Emission Standards for Hazardous Air Pollutants: Mercury Emissions from Mercury Cell Chlor-Alkali Plants”	No affected sources on the Hanford Site.
40 CFR 63 Subpart JJJJ, “National Emission Standards for Hazardous Air Pollutants for Brick and Structural Clay Products Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart KKKKK, “National Emission Standards for Hazardous Air Pollutants for Clay Ceramics Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart LLLLL, “National Emission Standards for Hazardous Air Pollutants: Asphalt Processing and Asphalt Roofing Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart MMMM, “National Emission Standards for Hazardous Air Pollutants: Flexible Polyurethane Foam Fabrication Operations”	No affected sources on the Hanford Site.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart NNNNN, “National Emission Standards for Hazardous Air Pollutants: Hydrochloric Acid Production”	No affected sources on the Hanford Site.
40 CFR 63 Subpart PTTTT, “National Emission Standards for Hazardous Air Pollutants for Engine Test Cells/Standards”	No affected sources on the Hanford Site.
40 CFR 63 Subpart QQQQQ, “National Emission Standards for Hazardous Air Pollutants for Friction Materials Manufacturing Facilities”	No affected sources on the Hanford Site.
40 CFR 63 Subpart RRRRR, “National Emission Standards for Hazardous Air Pollutants: Taconite Iron Ore Processing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart SSSSS, “National Emission Standards for Hazardous Air Pollutants for Refractory Products Manufacturing”	No affected sources on the Hanford Site.
40 CFR 63 Subpart TTTTT, “National Emissions Standards for Hazardous Air Pollutants for Primary Magnesium Refining”	No affected sources on the Hanford Site.
40 CFR 63 Subpart WWWW, “National Emission Standards for Hospital Ethylene Oxide Sterilizers”	No affected sources on the Hanford Site.
40 CFR 63 Subpart YYYYY, “National Emission Standards for Hazardous Air Pollutants for Area Sources: Electric Arc Furnace Steelmaking Facilities”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart ZZZZ, “National Emission Standards for Hazardous Air Pollutants for Iron and Steel Foundries Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart BBBB, “National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart CCCCC, “National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Dispensing Facilities”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart DDDDD, “National Emission Standards for Hazardous Air Pollutants for Polyvinyl Chloride and Copolymers Production Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart EEEEE, “National Emission Standards for Hazardous Air Pollutants for Primary Copper Smelting Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart FFFFF, “National Emission Standards for Hazardous Air Pollutants for Secondary Copper Smelting Area Sources”	The Hanford Site is not an Area Source.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart GGGGGG, “National Emission Standards for Hazardous Air Pollutants for Primary Nonferrous Metals Area Sources – Zinc, Cadmium, and Beryllium”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart HHHHHH, “National Emission Standards for Hazardous Air Pollutants: Paint Stripping and Miscellaneous Surface Coating Operations at Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart JJJJJJ, “National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial and Institutional Boiler Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart LLLLLL, “National Emission Standards for Hazardous Air Pollutants for Acrylic and Modacrylic Fibers Production Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart MMMMMM, “National Emission Standards for Hazardous Air Pollutants for Carbon Black Production Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart NNNNNN, “National Emission Standards for Hazardous Air Pollutants for Chemical Manufacturing Area Sources: Chromium Compounds”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart OOOOOO, “National Emission Standards for Hazardous Air Pollutants for Flexible polyurethane Foam Production and Fabrication Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart PPPPPP, “National Emission Standards for Hazardous Air Pollutants for Lead Acid Battery Manufacturing Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart QQQQQQ, “National Emission Standards for Hazardous Air Pollutants for Wood Preserving Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart RRRRRR, “National Emission Standards for Hazardous Air Pollutants for Clay Ceramics Manufacturing Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart SSSSSS, “National Emission Standards for Hazardous Air Pollutants for Glass Manufacturing Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart TTTTTT, “National Emission Standards for Hazardous Air Pollutants for Secondary Nonferrous Metals Processing Area Sources”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart VVVVVV, “National Emission Standards for Hazardous Air Pollutants for Chemical Manufacturing Area Sources”	The Hanford Site is not an Area Source.

Requirement	Reason for Inapplicability
40 CFR 63 Subpart WWWWWW, “National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart XXXXXX, “National Emission Standards for Hazardous Air Pollutants Area Source Standards for Nine Metal Fabrication and Finishing Source Categories”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart YYYYYY, “National Emission Standards for Hazardous Air Pollutants Area Sources: Ferroalloys Production Facilities”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart ZZZZZZ, “National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Aluminum, Copper, and Other Nonferrous Foundries”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart AAAAAAA, “National Emission Standards for Hazardous Air Pollutants for Area Sources: Asphalt Processing and Asphalt Roofing Manufacturing”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart BBBBBBBB, “National Emission Standards for Hazardous Air Pollutants for Area Sources: Chemical Preparations Industry”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart CCCCCC, “National Emission Standards for Hazardous Air Pollutants for Area Sources: Paints and Allied Products Manufacturing”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart DDDDDDD, “National Emission Standards for Hazardous Air Pollutants for Area Sources: Prepared Feeds Manufacturing”	The Hanford Site is not an Area Source.
40 CFR 63 Subpart EEEEEEE, “National Emission Standards for Hazardous Air Pollutants: Gold Mine Ore-Processing and Production Area Source Category”	The Hanford Site is not an Area Source.
40 CFR 64, “Compliance Assurance Monitoring”	No affected emission units on the Hanford Site.
40 CFR 68, “Chemical Accident Prevention Provisions”	The Hanford Site no longer has any facilities or activities subject to these requirements.
40 CFR 72 through 40 CFR 78, Acid Rain Regulations”	No affected sources on the Hanford Site.
40 CFR 79, “Registration of Fuels and Fuel Additives”	DOE does not manufacture or import fuel on the Hanford Site.
40 CFR 98, “Mandatory Greenhouse Gas Reporting”	Excluded by EPA rule from being considered an applicable requirement for Title V permits.

1    **6.0                   STATEMENT OF BASIS**

2    The Statement of Basis (Statement) is issued by the permitting agencies as a separate supporting  
3    reference document to this air operating permit. This Statement is non-enforceable and sets forth  
4    the legal and factual basis for permit conditions. The Statement includes references to the  
5    applicable statutory or regulatory provisions, technical supporting information on specific  
6    emission units, and clarifications of specific requirements.
