

**PTF Building Room and Equipment List
for El. +19' and + 28'**

Room Number	Room Description	Equipment Number	Equipment Description
PM0124	Containment Building Area - Hot Cell Crane Maintenance Area (El. 19')	N/A	N/A
P-0201	Lvl 2 SE Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0201A	Lvl 2 SE Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0203	Lvl 2 SW Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0203A	Lvl 2 SW Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0203B	Lvl 2 SW Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0204	Lvl 2 SW Inbleed Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0206	Lvl 2 NW Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0207	Lvl 2 NW Process Bulge Area	CNP-BULGE-00008	CNP Process Bulge
P-0208	Lvl 2 NW Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0209	Lvl 2 N Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0210	Lvl 2 N Inbleed Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0212	Lvl 2 NE Process Bulge Area	N/A	Does not contain any regulated vessels or major components, but does contain regulated ancillary equipment (valves, piping, etc.).
P-0223	Containment Building Area - Spent Filter Drum Handling Area	N/A	N/A
