The Public Notice should have been issued as a Joint Public Notice as the Washington Department of Ecology (Ecology) will be reviewing the project for consistency with the Coastal Zone Management Act.

Ecology is soliciting comments from the public; Federal, Native American Nations or tribal governments, State, and local agencies and officials; and other interested parties in order to consider and evaluate the impacts of this activity. Ecology will be considering all comments to determine whether to certify or deny certification for the proposed project.

This proposal is the subject of Shorelines Substantial Development Permit No. 379112 which has been issued by Pierce County on October 13, 2009.

Ecology Comments: Any person desiring to present views on the project pertaining to a request for Coastal Zone Management consistency concurrence, may do so by submitting written comments to the following address: Department of Ecology, Attn: SEA program – Federal Permit Coordinator, P.O.
