RE: U.S. Army Corps of Engineers (Corps) Reference #2013-1281
Ecology Denial of Section 401 Water Quality Certification for the Cook Bulkhead
Repair Project, Normandy Park, King County, Washington

Dear Mr. and Ms. Cook:

On December 16, 2014, the Department of Ecology (Ecology) received the Joint Aquatic Resources Permit Application (JARPA) for the above-referenced project. A revised JARPA was received on June 2, 2015. The Corps and Ecology issued a Joint Public Notice for the above-referenced project on December 16, 2014. On November 10, 2015, Ecology sent you a letter explaining that the following issue needs to be resolved before we could issue a Section 401 Water Quality Certification (WQC):

- State Environmental Policy Act (SEPA) determination.

With the statutory time frame approaching, Ecology has determined that there is insufficient time to work out the details needed to get reasonable assurance that the project will meet state water quality laws. Therefore, pursuant to Section 401 of the Clean Water Act, Ch. 90.48 RCW and Ch. 173-201A WAC, Don and Susan Cook's request for a WQC is denied without prejudice.

Receipt of a denial without prejudice does not preclude you from resubmitting a request for a WQC at a later date, at which time we will resume our review of the project.
