Dear Ms. Walker:

RE: **U.S. Army Corps of Engineers Reference #200400538**
Trustees of Stanford Family Trust

Pursuant to 15 CFR § 930.60, the Washington State Department of Ecology (Ecology) and Trustees of Stanford Family Trust are writing to advise you of the status of Ecology's review of the ramp, float, and anchoring system installation project Certification of Consistency with the Washington State Coastal Zone Management (CZM) Program.

Trustees of Stanford Family Trust filed its application with the U.S. Army Corps of Engineers (Corps) and Ecology. Public notice on the application was issued on June 21, 2005. Ecology received the CZM statement from the applicant on July 7, 2005. The statutory six-month review period commenced to run and will expire January 7, 2006. At this time, Ecology has notified Trustees of Stanford Family Trust that CZM Consistency can not be granted until the shoreline permit is issued. The applicant does not have sufficient time to obtain a shoreline permit before our six-month deadline due to scheduling constraints.

Ecology and Trustees of Stanford Family Trust have agreed to extend the CZM review period until Ecology can issue CZM Consistency.

If you have any questions regarding this matter please contact Rebekah Padgett of the Department of Ecology at (425) 649-7129 or Carla Higginson, agent for Trustees of Stanford Family Trust, at (360) 378-2185.

Sincerely,

Geoff Tallent
