**RE: U.S. Army Corps of Engineers (Corps) Reference No. #200500908  
Joint Aquatic Resources Permit Application (JARPA) for Canyon Park Phase VII  
Development, City of Bothell, Snohomish County, Washington**

Dear Ms. Walker:

Pursuant to 15 CFR § 930.60, the Washington State Department of Ecology (Ecology) and Canyon Park Development, LLC are writing to advise you of the status of Ecology's review of Canyon Park Development, LLC's Certification of Consistency with the Washington State Coastal Zone Management (CZM) Program.

Canyon Park Development, LLC filed their application with the U.S. Army Corps of Engineers (Corps) and Ecology. An Ecology public notice was issued on May 16, 2007. Ecology received the CZM statement from Canyon Park Development LLC on April 20, 2007. The statutory six-month review period commenced to run and will expire October 20, 2007. At this time, Ecology has notified the subject party that CZM Consistency can not be granted until the 401 Water Quality Certification (WQC) has been issued. The applicant does not have sufficient time to obtain the WQC before our six-month deadline.

Ecology and Canyon Park Development, LLC have agreed to extend the CZM review period until Ecology issues the WQC decision. The additional time is necessary to allow Ecology to complete the WQC review process. After completion of the review process, Ecology will issue both the WQC decision and CZM determination.

If you have any questions regarding this matter please contact Cynthia S. Walcker of the Department of Ecology at (425) 649-4318 or Scott Rozenbaum, agent for the applicant at (360) 468-4448.

Sincerely,

Geoff Tallent  
NWRO SEA Program Unit Manager  
Department of Ecology
