**RE: First Amendment to Section 401 Water Quality Certification Order No. 4242/ Corps Reference No 200500828 for amendment of the type of dredge used for the dredging of the Driftwood Key Club Marina.**

Dear Mr. Miller:

On April 30, 2007, the Washington State Department of Ecology (Ecology) issued a water quality certification to the Driftwood Key Club for the above-referenced project pursuant to the provisions of 33 U.S.C. 1341 (FWPCA § 401). You contacted Ecology May 2, 2007 with the following request for amendment regarding this water quality certification:

1. A request to change Condition C1 to allow use of a clamshell dredge.

After reviewing the Club's request for these changes and other pertinent information, Ecology is amending Order No. 4242/ Corps Reference No. 200500828 to reflect these changes.

If you have any questions regarding the content of the amendment, please contact Helen Pressley at (360) 407-6976 or by email [hpre461@ecy.wa.gov](mailto:hpre461@ecy.wa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Brenden McFarland".

Brenden McFarland, Section Supervisor  
Environmental Review and Transportation Section Manager
