**Re: City of Normandy Park's Shoreline Master Program Comprehensive Update –
Conditional Approval**

Dear Mayor Chicquette:

Thank you for submitting to Ecology the City of Normandy Park's (City) Shoreline Master Program comprehensive update. We have completed our review of the proposal for consistency with the Shoreline Management Act and implementing guidelines.

As we have already discussed with your staff, the Washington State Department of Ecology (Ecology) identified specific changes necessary to make the proposal approvable. These changes are detailed in Attachment B. Recommended Changes are detailed in Attachment C. Findings and Conclusions related to the City's proposed SMP amendment are contained in Attachment A.

Pursuant to RCW 90.58.090 (2)(e), at this point, the City may:

- Agree to the proposed changes, or
- Submit an alternative proposal. Ecology will then review the alternative(s) submitted for consistency with the purpose and intent of the changes originally submitted by Ecology and with the Shoreline Management Act.

Final Ecology approval will occur when the City and Ecology agree on language that meets statutory and Guidelines requirements.

Please provide your written response within 30 days to the Director's Office at the following address:
