Re: City of Oak Harbor Comprehensive Shoreline Master Program Update – Conditional Approval, Resolution Number 12-30

Dear Mayor Dudley:

I would like to take this opportunity to commend the city of Oak Harbor (City) for its efforts in developing the proposed comprehensive Shoreline Master Program (SMP) update. It is obvious that a significant effort was invested in this update by your staff and engaged community. The SMP will provide a framework to guide development and habitat restoration in the City’s shoreline along Oak and Crescent Harbors.

As we have already discussed with your staff, the Washington State Department of Ecology (Ecology) has identified specific changes necessary to make the proposal approvable. These changes are detailed in Attachment B. Recommended changes are proposed in Attachment C. Ecology’s findings and conclusions related to the City’s proposed SMP update are contained in Attachment A.

Pursuant to RCW 90.58.090 (2)(e), at this point, the City may:

- Agree to the proposed changes, or
- Submit an alternative proposal. Ecology will then review the alternative(s) submitted for consistency with the purpose and intent of the changes originally submitted by Ecology and with the Shoreline Management Act.

Final Ecology approval will occur when the City and Ecology agree on language that meets statutory and Guideline requirements.

Ecology appreciates the dedicated work that you, the City Council, Community Development Department staff (Senior Planner Ethan Spoo, Director Steve Powers), the Planning Commission, and the Shoreline Advisory Committee have put into the Shoreline Master Program update.

Thank you again for your efforts. We look forward to concluding the SMP update process in the near future. If you have any questions or would like to discuss the changes identified by Ecology, please contact our Regional Planner, David Pater, at David.Pater@ecy.wa.gov or (425) 649-4253.

Sincerely,
