Figure 15: Drift Cells

Data represented on this map were collected at different accuracy levels by various sources, including the City of Oak Harbor, Island County, NASWI, and USACOE (PSNERP). Shoreline jurisdiction and wetland boundaries are approximate and have not been formally delineated or surveyed and are intended for planning analysis only. Additional site-specific evaluation may be needed to confirm/verify information shown on this map.

No warranties of any sort, including, but not limited to accuracy, fitness or merchantability, accompany this map.

Map Date: December 2010

Legend

- Right to Left
- Left to Right
- Divergence Zone
- No Appreciable Drift
- Proposed Shoreline Jurisdiction

NOTE: Drift cell direction indicates the direction of sediment transport. Divergence zone indicates areas where sediment is generally moving away from the shore.
