This map is intended for planning purposes only. The preliminary shoreline jurisdiction depicts the approximate location and extent of "shorelines of the state." These are the areas potentially subject to the State Shoreline Management Act and Shoreline Master Program. The preliminary shoreline jurisdiction includes the ordinary high water mark (OHWM), a 200' zone from the OHWM, the current regulated FEMA floodplain and any associated wetlands. The actual extent of the shoreline jurisdiction requires a site-specific evaluation to identify the OHWM and any associated wetlands.
