DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Adoption of the Town of Woodway Shoreline Master Plan (SMP) Update 2011

Proponent: Town of Woodway

Location of proposal, including street address, if any: The proposed SMP is a town-wide, non-project action that affects activities and developments in the Town's SMP jurisdiction which includes all water areas of the state, the lands underlying them, and areas that are 200 feet landward of the ordinary high water mark (OHWM) of waters that have been designated as “shorelines of statewide significance” or “shorelines of the state.” In Woodway these areas include:

1. The Puget Sound shore within both the Town’s municipal boundary and its Municipal Urban Growth Area (MUGA) known as Point Wells;
2. The open water and tidelands extending to the middle of the Sound;
3. The upland area landward 200 feet of the ordinary high water mark or OHWM (roughly equivalent to the Mean Higher High Water or MHHW); and
4. All associated wetlands.

Lead agency: Town of Woodway

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available upon request.

This DNS is issued under WAC 197-11-340 (2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by November 14, 2011.
