

Some aerial photography and other map sources

<i>Source</i>	<i>Internet Address</i>	<i>Comments</i>
WDNR, WDOT	http://www.dnr.wa.gov/dataandmaps/maps/index.html http://www.wsdot.wa.gov/mapsdata/products/contactus.htm	Georeferenced orthophotos and recent aerial photographs are available for most of the state; ortho-rectified, georeferenced digital aerial photographic images that can be used in a variety of GIS and CAD systems on CD (more expensive), USGS maps
Univ. of Washington	http://duff.ess.washington.edu/ http://www.pugetsoundlidar.org	Provides additional information and links that are useful for mapping, geology information and conversion information for the orthophotos, georeferenced orthophotos tiff files & LiDAR can be downloaded for free
River History Project, U of W	http://riverhistory.ess.washington.edu/	Provides rectified early aerial photos and GLO cadastral surveys in Puget Sound lowlands
Univ. of Washington Libraries	http://catalog.lib.washington.edu/search~/ Key words: General Land Office Surveys of Washington	GLO cadastral surveys—maps Field notes
Microsoft TerraServer – USA	http://www.terra-server.com	Free downloads of contemporary digital topographic and aerial photo files. Operated by MSN in conjunction with Compaq and USGS
Google Earth	http://earth.google.com/	Allows 3-D look at topography, useful for visually determining confinement
USGS EROS Data Center Sioux Falls, South Dakota	Photo Finder: http://lpdaac.usgs.gov/main.asp Map Finder: http://edc.usgs.gov/products/map.html Interactive web GIS: http://gisdata.usgs.net/website/EDNA/	Operated by the USGS. Interactive data base search for historic and contemporary topographic maps and aerial photos and GIS layers
USDA Farm Service Agency Aerial Photo Field Office (FSA - APFO) Salt Lake City, Utah	www.apfo.usda.gov/	Operated by the Farm Service Agency. Catalog of historic and contemporary aerial photos from 1955 for much of the United States. Sources include SCS (NRCS), Forest Service, BLM, Park Service, and other government Agencies
USGS Special Collections Library Denver, Colorado Reston, Virginia	http://library.usgs.gov/specoll.html	Field Records Collection is an archive of historic records including maps and aerial photography collected by USGS scientists dating back to 1879. Map Collections includes topographic maps for all states dating back to early 1880s.
National Archives and Records Administration (NARA) – Cartographic and Architectural Records Washington D.C.	www.nara.gov/publications/leaflets/gil26.html#aerial2	Archive of historic maps and pre-1941 aerial photos
Western Association of Map Libraries (WAML) San Diego, California	http://www.waml.org/wmlpubs.html	References to information on obscure historic maps and where they can be found for reproduction
U.S. Army Corps of Engineers	http://www.usace.army.mil/	Corps Districts often have a wealth of historic photos, maps, and survey data.

Older aerial photography for selected watersheds

Area	Year	Format	Approx. Scale	Origin	Source of photos
Nooksack	1938	BW 7"x 9"	1: 12,000		Seattle District ACOE
Skagit	1937	BW 7"x 9"	1: 12,000	Brubaker Aerial Survey Company	Seattle District ACOE
Stillaguamish	1933	BW 7"x 9"	1:10,000	Pacific Aerial Surveys	Snohomish County Public Works
Snohomish	1938	BW 7"x 9"	1:10,000		Snohomish County Public Works
Snohomish	1933	BW 7"x 9"	1:10,000	Pacific Aerial Surveys	Snohomish County Public Works
Duwamish, Green, Black, White, Puyallup	1940	BW 7"x 9"	1:12,000		Seattle District ACOE
Sammamish	1936	BW 7"x 9"	1:10,600	Pacific Aerial Surveys	Seattle District ACOE
Sammamish	1938	BW 7"x 9"	1:10,600	Army Air Corps	Seattle District ACOE
Cedar, White	1936	BW 7"x 9"	1: 10,600		King County DNRP
Nisqually	1937	BW 7"x 9"	1: 6,000		Seattle District ACOE
Skokomish	1938	BW 7"x 9"	1: 12,000		Seattle District ACOE
Hood Canal & Strait of Juan de Fuca	1939	BW 9"x 9"	1: 34,000	US Geological Survey	USDA Forest Service (from National Archives)
